	<p>Speed-run</p> <p>Qualifications The starting order for the first run of Qualification will be determined by a draw. An intermediate ranking list is established at the end of the first run. The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course by raising their hand. The starting order for this second (optional) run is determined by a draw. For the athletes who have chosen to have a second run, the result of the second run only counts. The final ranking list of the Qualification will be established at the end of the second (optional) run. In case of a tie at any place, the tie-breaking rules set out in the Technical Regulations, Section 7, art. 3.1 – Exception – apply.</p> <p>Finals The top eight athletes from the final ranking list of the Qualification participate in the Final. In case of a tie at any place, the tie-breaking rules set out in Technical Regulations, Section 7, art. 3.1 apply. The Final is held in one single run. The starting order is established based on the ranking after Qualification with the best athlete starting last.</p> <p>Specific Rules</p> <p>Start and finish The athletes must be ready to be called by the speaker to present himself at the start-line according to the start list. When the speaker requests the athlete to present himself at the start-line, the athlete must do so without delay. Failure to be present at the start-line later than 30 seconds (controlled by the ST judge) after</p>

having been called will result in disqualification from that run. The start-line and time judge (ST) will ask if the athlete is ready. When the athlete verbally indicates his readiness, a 15 second countdown begins which may be signaled verbally by the ST-judge or by a countdown clock adjacent to the start line. The athlete may start (cross the start-line) at his discretion within the 15 second countdown. Failure to start within this period will result in disqualification from that run.

Check-points

Between the start and the finish lines, competitors must pass through multiple check-points in any sequence. These check-points are clearly marked on one or a combination of horizontal and vertical planes;

If the athlete misses a check-point, he has the opportunity to return and pass the check-point correctly. The responsibility for passing checkpoints correctly is entirely that of the athlete.

Immediately after the athlete has crossed the finish-line, the check-point judges (CP) signal to the Chair of judges' panel (CJP) in case that a check-point has not been passed correctly by the athlete.

Failure to pass correctly through any checkpoint before crossing the finishing line results in disqualification of the athlete by the CJP for this run.

Timing

Time is measured with a timekeeping system measuring in 1/1000th of a second. The time shown will be rounded to 1/100th of a second, e.g. time measured: 20,349, time shown: 20,35. In case of e.g. 20.245 the rounding shall be made in favour of the athlete, the time shown is 20,24. Should there be no timekeeping system available or should there be a malfunction or breakdown of the system, the time will be measured by the ST-judge, who in any case, will always measure the time manually as a back-up. In case that the finish line is not near the start-line, the time will be measured by a time judge at the finish line. Manual time measurement with a chronometer must be guaranteed at least in 1/10th of a second.

Freestyle:

Qualifications

The starting order for the first run of Qualification will be determined by a draw.

The runs of a maximum of 90 seconds, are judged based on the criteria defined in the Code of Points.

An intermediate ranking list is established at the end of the first run.

The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course (before the score is shown) by raising their hand. The starting order for this second (optional) run is determined by a draw.

For the athletes who have chosen to have a second run, the result of the second run only counts. The final ranking list of the Qualification will be established at the end of the second (optional) run.

In case of a tie at any place, the tie-breaking rules set out in the Technical Regulations, Section 7, art. 3.2 apply.

Finals

The top eight athletes from the final ranking list of the Qualification participate in the Final.

In case of a tie at any place, the tie-breaking rules set out in the Technical Regulations, Section 7, art. 3.2 apply.

The Final is held in one single run.

The starting order is established based on the ranking after Qualification with the best athlete starting last.

The athlete must begin his performance upon a signal of the judge who is also acting as CJP,

	<p>the speaker or a countdown. Timing of the performance (max. 90 seconds) will begin with the signal of the judge, the speaker or at the end of the countdown. The athlete may end his performance at any place of the field of play at his discretion. Should the athlete perform for more than 90 seconds, the judges will not consider any tricks or movements beyond this time and the judge who is also acting as CJP will deduct 3 points from the total score of the jury.</p> <p>Timing If available, timing of the performance will be shown on a screen.
