1.3 Executive President

Dear friends,

As we heartily awaiting the Chengdu 2021 FISU World University Games, on behalf of the Sichuan Provincial People's Government and the hospitable people of Sichuan, I would like to extend a warm welcome to all our guests from around the world. In China, Sichuan Province is well-known for its economic strength, large number of population, competitive science and educational resources, and abundant natural resources, and has been reputed as the 'Land of Abundance' since ancient times. The province is home to many natural wonders: 'the King of Mountains in Sichuan'—Mount Gongga, the fairytale-like national park Jiuzhaigou Valley, the poetic and picturesque Ruoergai Prairie, and 'the last Shangri-La'—Yading Nature Reserve. The province is also a treasure house of biodiversity. It is home to the giant panda and many other rare animals and plants, including the dove-tree and the Cycad tree, a living gymnosperm. Our diligent and wise ancestors, people of the ancient Ba and Shu states, created stunning civilisations represented by the Sanxingdui Ruins and the Jinsha Site, as well as rich cultures like the Three Kingdoms and the Tibetan, Qiang and Yi cultures. The provincial capital, Chengdu, is a park city with snow-capped mountain view, which has topped the list of China's Happiest Cities for 14 consecutive years. Just as many say, it is 'A city you will never want to leave once you come, and even if you have to leave you'd still wish to return'. Nowadays, benefited from major national strategies like the Belt and Road Initiative, the Yangtze River Economic Belt, the ecological protection and high-quality development of the Yellow River basin, and the rapid development of the Chengdu-Chongqing Economic Circle, Sichuan is becoming increasingly open and attractive.

In December 2018, when we won the bid to host the Chengdu 2021 FISU World University Games, we made a promise to young university students all over the world. Under the strong leadership of President Xi Jinping and the Chinese government, we have made elaborate preparations for a simple, safe and splendid FISU World University Games. We are confident that it will live up to the international standards, exhibit the Chinese characteristics and the Sichuan features, and showcase the charm of the world's youth. We are looking forward to receiving friends from around the globe. Let's fight for glory, chase the dreams, make new friends, and write a new chapter for the FISU World University Games.

HUANG Qiang

Governor of Sichuan Provincial People's Government
Executive President of the Organising Committee of
Chengdu 2021 FISU World University Games

1.4 President of the Federation of University Sports of China

Dear friends,

In 2023, the Chengdu 2021 FISU World University Games will be held in Chengdu. The event is made possible by our achievements in this glorious era and will gather young people from various parts of the world. On behalf of the Federation of University Sports of China, I would like to extend a warm welcome to all delegations, as well as heartfelt thanks to the International University Sports Federation (FISU) and everyone who has supported Chengdu in its efforts to host the Games.

Under the auspices of FISU and the Organising Committee, Chengdu is making smooth progress in its preparations for the Games, and it is taking on a new look to welcome university athletes and guests from around the globe.

In July, the flame of the FISU World University Games will be lit at the Chengdu Dong'an Lake World University Games Park, where we will once again extend a warm welcome to all the athletes that will be competing in Chengdu. As you uphold the spirit of sportsmanship and tenacity and fulfil your aspirations during the Games, you will be engaging in heart-to-heart communication with different cultures, experiencing the charming diversity of civilisations and manifesting the power of youth to help create mankind's future.

We are convinced that the Chengdu 2021 FISU World University Games will strongly promote sports among young people in China and the world at large. Friendship among countries will be strengthened, thus boosting global development and progress of the era.

May the Chengdu 2021 FISU World University Games be a huge success.

1.5 Mayor of Chengdu Municipal People's Government

Dear friends,

The Chengdu 2021 FISU World University Games will take place from 28 July to 8 August 2023 in Chengdu. On behalf of Chengdu Municipal People's Government and more than 21 million Chengdu citizens, I would like to extend a warm welcome to the young athletes, officials, media friends and guests from all over the world, and I would like to express my gratitude to everyone who has supported us in preparing for the Games.

Since ancient times, Chengdu has been renowned as 'the Land of Abundance'. This is a city with a profound civilisation of more than 4,500 years and an urban history of over 2,300 years. Featuring both natural beauty and cultural profundity, it is home to the giant panda, China's national treasure, and it is one of the first National Famous Historical and Cultural Cities. Chengdu boasts a pleasant climate, intoxicating scenery, and prosperity. Its natural and cultural endowments have given rise to an athletic lifestyle and have imprinted sports into the city's character. In recent years, the city has improved its sports facilities and gained considerable experience in organising events. It is now well positioned to host large, multi-sport events.

The Chengdu 2021 FISU World University Games will bring fresh vitality and a sense of honour to this park city at the foot of snowy mountains. As we are in full gear preparing for the Games, we also care how Chengdu, its people and its various sectors can benefit as a result. With our world-class facilities, thorough organisation and considerate services, we will present global spectators and all participants from around the world a simple, safe and splendid sport event and write a wonderful chapter in the history of the FISU World University Games.
