## **ABOUT THIS GUIDE**

Published in June 2024, the series of International Federations' Guides offer a summary of competition-related material about each sport at Paris 2024 and provide a variety of information aimed at helping International Federations in their planning and final preparation for the Games.

All information provided in this International Federations' Guide was correct at the time of publication, but some details may change prior to the Games so IF representatives are urged to regularly check with Paris 2024 IF Services and the respective competition management teams for the latest updates.

This information has been developed and approved by the IOC, International Federations and Paris 2024 competition management and may be updated as required leading up to the Games. The International Federations' Guides are designed for internal operational use by Paris 2024 stakeholders and should not be publicly shared.

# WELCOME

**On behalf of the Paris 2024 Organising Committee, I am delighted to present the series of International Federations' Guides for the Games of the XXXIII Olympiad.**

At Paris 2024, we are proud to organise the first Games under the New Norm of the Olympic Agenda 2020, which focuses on economic, social and environmental efficiency and sets a precedent in the organisation of sports events. Our ambition is to present the first carbon-neutral Games, the first gender-balanced Games and the first Games open to all with the mass participation marathon. Paris 2024 aims to deliver responsible Games whether by using 95 percent of existing or temporary venues and 100 percent renewable energy during the Games, or by favouring a circular economy, sustainable food, and clean mobility, and by preserving the biodiversity on venues. By taking climate and environmental issues into account well before the event, we are breaking new ground in the history of the Games.

One hundred years since the last summer Games in France, Paris 2024 has huge ambitions for the Games in 2024. Our aim is to offer a new event model that is in tune with people's aspirations, especially those of the younger generations, for example by introducing four additional sports such as breaking, sport climbing, skateboarding or surfing.

As athletes are the heart of Paris 2024 Olympic Games, we are committed to offer them an exceptional experience, with unique competition venues in iconic sites of Paris and France, such as the foot of the Eiffel Tower, the Château de Versailles or Teahupo'o in Tahiti.

Paris 2024 will leave a positive and lasting impact on the lives of residents by making long-anticipated investments, especially in Seine-Saint-Denis, such as the Olympic Village and the Aquatics Centre. All the facilities that will be used by athletes and delegations during the Games are designed with their legacy in mind so that they can be repurposed as public facilities, housing and offices based on local needs.

We hope that this guide, produced in collaboration with IOC Sport and International Federations, will provide you with the information you need to prepare for your Games.

We are looking forward to welcoming you to the City of Lights in the summer of 2024 for what we hope will be revolutionary Games.

**Aurélie Merle**  
*Sport Director*

**ARTISTIC  
GYMNASTICS  
OVERVIEW**

# ARTISTIC GYMNASTICS COMPETITION

The Artistic Gymnastics competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Monday 5 August at Bercy Arena.

Artistic Gymnastics comprises individual apparatus competitions, as well as individual and team competitions on all apparatus. There will be four (4) competition phases in the Artistic Gymnastics competition: qualifications, team final, all-around final and apparatus finals.

All gymnasts follow an Olympic rotation order. The different apparatus, listed in Olympic order, each require specific qualities and are as follows: floor exercise, pommel horse, rings, vault, parallel bars and horizontal bar for men, as well as vault, uneven bars, balance beam and floor exercise for women. In these spectacular different exercises, the skills and combinations require strength, agility, coordination and speed from athletes.

This competition will consist of the following 14 medal events:

## MEDAL EVENTS

# RULES

The Artistic Gymnastics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

## FIG RULES

- Statutes
- Technical Regulations
- Apparatus Norms
- Codes of Ethics, Conduct and Discipline
- MAG Code of Points 2022-2024 and relevant Newsletters
- WAG Code of Points 2022-2024, relevant Newsletters and helpdesk 2e edition, 15th cycle
- Judges' Rules (general and specific to Men and Women Artistic Gymnastics)
- Framework for Safeguarding Athletes and Other Participants from Harassment and Abuse in Sport during Events
- License Rules
- Anti-doping Rules
- Medical Rules
- Media Guidelines
- Rules for Advertising and Publicity
- Accreditations Rules
- Subsequent decisions of the FIG Executive Committee

All of the above-mentioned documents are available by clicking on the following link: <https://www.gymnastics.sport/site/rules/>

Olympic Charter: <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the FIG will be responsible for the control and direction of the Artistic Gymnastics competition at the Paris 2024 Olympic Games.

## JUDGES AND SCORING

The jury is composed of nine (9) execution and difficulty judges as well as other technical officials. The judges are divided into panels in order to calculate the final score ("F") as follows:

$F = D + E - \text{Penalty (neutral deductions)}$

The Difficulty Panel, made up of two (2) judges, calculates the “D” score, which is based on the content of the routine. The Execution Panel, made up of seven (7) judges, is responsible for the “E” score, which is determined by the gymnast’s execution of the routine, and for WAG the artistry of presentation too. The “E” score is calculated by removing the two (2) highest and the two (2) lowest E judges’ deductions and averaging the three (3) remaining deductions. This average is then subtracted from the maximum value of 10.00 points.

## **LATE ATHLETE REPLACEMENT (LAR)**

### **INDIVIDUAL EVENTS**

LAR is only allowed for quota places allocated to an NOC, and only up until 24 hours prior to the beginning of the men’s qualifications for MAG and up until 24 hours prior to the beginning of the women’s qualifications for WAG. Any athlete for which an accreditation application has been submitted by the accreditation deadline (Long List) may be used as a replacement provided he/she is eligible. The LAR process and approval might take up to 24 hours and must be concluded by the final confirmation of athletes for the respective event. For more detailed and up-to-date information on Late Athlete Replacement procedures, please refer to the latest version of the IOC LAR Policy and the Late Athlete Replacement Sport-Specific Procedures. If you do not have direct access to these documents, please contact your NOC to request a copy.

### **TEAM EVENTS**

LAR is only allowed for quota places allocated to an NOC, and only up until 24 hours prior to the beginning of the men’s qualifications for MAG and up until 24 hours prior to the beginning of the women’s qualifications for WAG. Any athlete for which an accreditation application has been submitted by the accreditation deadline (Long

List) may be used as a replacement provided he/she is eligible. The LAR process and approval might take up to 24 hours and must be concluded by the final confirmation of athletes for the respective event. For more detailed and up-to-date information on Late Athlete Replacement procedures, please refer to the latest version of the IOC LAR Policy and the Late Athlete Replacement Sport-Specific Procedures. If you do not have direct access to these documents, please contact your NOC to request a copy.

## **SPECIAL PROVISION**

The replacement of nominative quota places allocated to an athlete is carried out in accordance with the reallocation procedure of the qualification system in artistic gymnastics for the Paris 2024 Olympic Games, up until the start of the GAR technical meeting.

# **CLOTHING AND EQUIPMENT**

Clothing and equipment used by athletes and other participants in the Gymnastics competitions at the Olympic Games must comply with the documents listed below:

- FIG Technical Regulations
- FIG Code of Points (discipline-specific versions)
- Advertising Rules Competition Clothing

All of the above-mentioned documents are available at <https://www.gymnastics.sport/site/rules/>

- Olympic Charter (<https://olympics.com/ioc/olympic-charter>), in particular Rule 50: Advertising, Demonstrations, Propaganda
- IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 for artistic gymnastics: <https://stillmed.olympics.com/media/Documents/Olympic-Games/Paris-2024/FIG.pdf>.

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events. This principle is reflected in particular in By-law to Rule 50 of the Olympic Charter. Detailed information on the implementation of Rule 50 for clothing, equipment, accessories and other items is provided in the IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 which has been distributed by the IOC to all NOCs, IFs and sporting goods manufacturers.

Please refer to the complete Guidelines Regarding Authorised Identifications document for detailed information and instructions on all aspects of Rule 50 and its application and enforcement at the Paris 2024 Olympic Games.

## COMPETITION FORMAT

During qualifications, all the gymnasts compete as part of a team of five (5) gymnasts (four [4] members out of five [5] may compete on each apparatus, with the highest three [3] scores counted) and/or as individuals. The results obtained on qualification day will rank the teams and individual athletes for all finals. No scores will be carried over to the finals from the qualifications.

In the event of a tie, the tie-break rules set out in the FIG Technical Regulations will apply.

Following the qualification events:

- The eight (8) top-ranked men’s and women’s teams will advance to the team finals (including all teams tied for eighth place after the tie-breaking rules have been applied). In the team final, only three (3) of the five (5) members of each team may compete on each apparatus. The team ranking will be based on the sum of the three (3) scores obtained on each apparatus by the members of the same team.

- The 24 top-ranked men and women from the qualifications proceed to the All-Around final (including all gymnasts tied for 24th place after the tie-breaking rules have been applied), to a maximum of two (2) per NOC. The 24 gymnasts will perform in groups. They will be ranked at the start in the Olympic order of apparatus, on the basis of the qualification results. After each apparatus, the gymnasts who started will move to the last position on the next apparatus. The gymnasts will perform again on all pieces of apparatus and will be ranked on their total individual score.
- The eight (8) top-ranked men and women on each apparatus in the qualifications will proceed to the apparatus finals (including all gymnasts tied for eighth place after the tie-breaking rules have been applied), to a maximum of two (2) per NOC. The gymnasts will perform the exercises on the apparatus for which they have qualified and will be ranked according to their individual scores.

## DRAW

The Artistic Gymnastics competition draw for the Olympic Games was conducted in two (2) phases:

- 1) The first phase took place on 22 February 2024 and determined the teams and mixed group (MG) numbers in the subdivisions and apparatus for the qualifications.
- 2) The second phase took place on June 16, 2024, to place the individual gymnasts in the mixed group (MG) numbers for the qualifications. It also included the draw for the apparatus finals, to establish the starting order for each apparatus.

## **ARTISTIC GYMNASTICS TECHNICAL MEETING**

<b>DATE</b>	<b>TIME</b>	<b>LOCATION</b>
23 July 2024	19:00 – 20:00	Press conference room at Bercy Arena

The NOCs will receive an invitation via email.

Representatives of the FIG and Paris 2024 gymnastics competition management will outline the full event programme and address NOCs' questions. The meeting will be held in English only. Each participating NOC is required to attend, with a maximum of two (2) delegates per NOC. Technical officials are not invited to the technical meeting.

### **VENUE FAMILIARISATION**

Technical officials will have the opportunity to familiarize themselves with the venue, as well as their own areas (such as the technical officials' lounge and technical officials' meeting rooms), on July 25 for men's artistic gymnastics technical officials and on July 26 for women's artistic gymnastics technical officials. On the same days, OMEGA training sessions will be held for the respective disciplines.

### **DISTRIBUTION OF EQUIPMENT TO TECHNICAL OFFICIALS**

The ITOs/NTOs liaison and TC liaison will ensure that all the equipment required in order to judge (line flags, erasable board for vault, timers, etc.) is provided before the competition starts. The equipment must stay on the respective judge's table at the end of the competition, where the ITOs/NTOs liaison and TC liaison will collect it.

Each technical official will individually receive a kit containing the necessary judging sheets before the competition starts.

# COMPETITION PROCEDURES

## TECHNICAL OFFICIALS' PRE-COMPETITION BRIEFING SESSIONS

The technical officials (including the reserves) must be present in the technical officials' work space and lounge for their meeting before each competition starts. The ITOs/NTOs liaison and TC liaison will gather them and escort them to their judges' seats around 10 to 15 minutes before the competition starts.

Before leaving the technical officials' work space and lounge, all technical officials' uniforms will be checked to ensure that they are correct and to verify compliance with Rule 50 of the Olympic Charter. Unofficial clothing and equipment will not be allowed in the field of play, at the technical table or in the judges seats.

## FIELD OF PLAY ACCESS

Access to the field of play will be limited to the technical officials who are taking part in the competition. The number of persons with access to the field of play will be strictly limited in accordance with the FIG Technical Regulations and Accreditation Rules. The persons concerned must show the required accreditation without fail, i.e. an OIAC.

## ENTRANCES/EXITS

The competition area will have a dedicated access for technical officials, located in Breche B. They will have to use the restricted access corridors to move around the building.

Directions to their seats will be explained to the judges at their instruction meeting. Seats are located behind the competition area barriers.

## LOCATION OF THE TECHNICAL OFFICIALS' SEATS

International technical officials, staff of the Fédération Internationale de Gymnastique and technical delegates will have access to the International

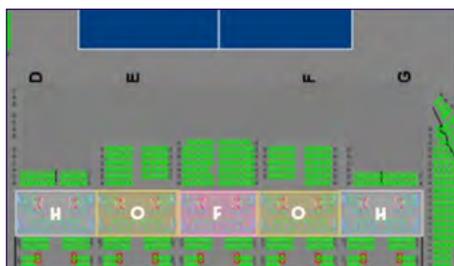

Federation's accredited seating area in the F tribunes, offering the best view of the field of play. This area is under the control of the Fédération Internationale de Gymnastique and its access is limited to certain hours of the competition.

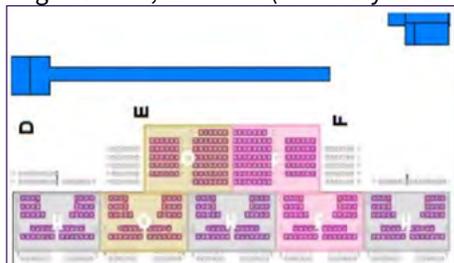

Seating is available on a first-come, first-served basis. Accreditations must be always worn in this area. Officials will be strictly forbidden to sit in any other type of ticketed seating, unless authorized to do so by a Paris 2024 staff member.

Access to F Stands is via the 2nd floor (ground floor). Depending on the session, there will be more or fewer seats.

Lower sessions, 46 seats (July 27 and 28)

High session, 124 seats (from July 29 until August 5)

## **RESERVE JUDGES**

Reserve judges will be assigned seats at the technical table on the field of play.

## ***ACTIVITY BETWEEN SUBDIVISIONS***

When time allows, technical officials may return to the technical officials' lounge. During the WAG qualifications, there will only be 30 minutes between subdivisions 1 and 2. The WAG judges will be asked to leave their seats in an orderly manner, following the D1 judge's instructions, and return to their positions before the gymnasts' entry march.

# ***POST-COMPETITION PROCEDURES***

## ***LEAVING THE FIELD OF PLAY***

Judges must not leave their seats during the competition. Any judge who has a pressing need to leave their seat must inform the superior jury or the D1 judge of the respective jury.

As a general rule, the technical officials will leave their seats to go to the TO lounge after the last sequence in the competition, once the score has been displayed and it is confirmed that no inquiry or time or line revision request has been made. The superior jury or the jury D1 judge and the field of play group leaders will be responsible for coordinating these movements.

**COMPETITION  
VENUE**

# **BERCY ARENA (BCY)**

Arena Paris Bercy – 8 boulevard de Bercy  
75012 Paris – France

Bercy Arena is an iconic venue for culture and sport in Paris and across France, recognisable with its pyramid design that stands out from the landscape of Paris' 12th arrondissement. Built in 1984, the venue is located 21 kilometres from the Olympic Village and close to various tourist sites including Notre-Dame de Paris Cathedral, the Hôtel de Ville and the Latin Quarter.

Its 15,000 spectator capacity allows Bercy Arena to host high-level sports events, such as the Paris Masters, an international men's tennis tournament from the ATP Tour, and the final rounds of the 2018 European women's handball championship.

It will be the venue for Artistic and Trampoline Gymnastics, as well as for the Olympic Basketball finals and the Wheelchair Basketball events during the Paralympic Games.

Renovated between 2014 and 2015 to modernise its infrastructure, Bercy Arena ticks all of the boxes today for hosting major competitions and cultural events. Bercy has nothing left to prove: since it was inaugurated, this multi-sports venue has already welcomed more than 30 million spectators at hundreds of events, from athletics to basketball, ice hockey and motocross.

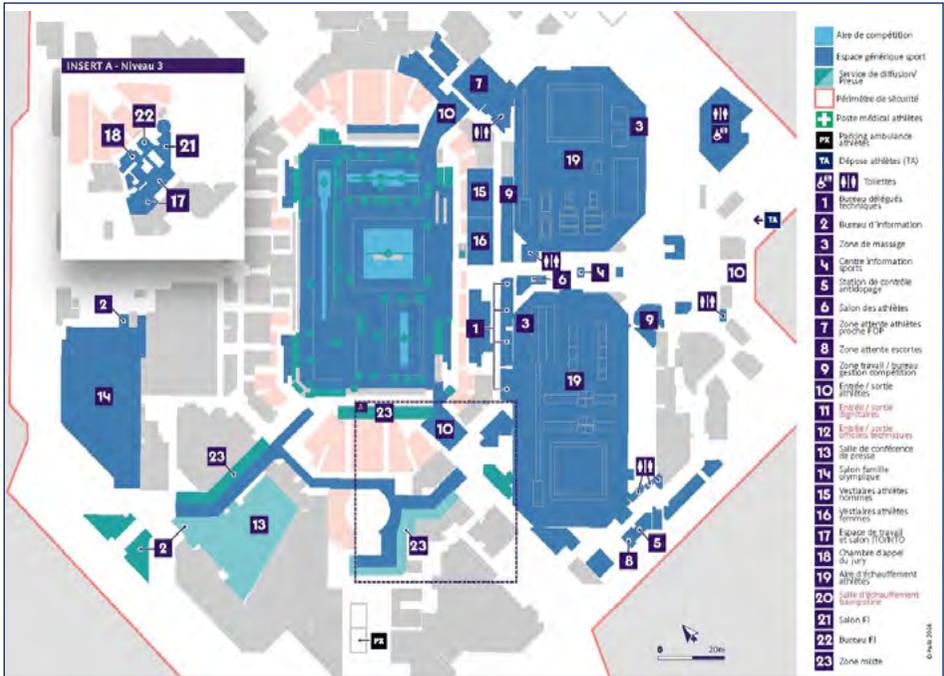

## **VENUE ACCESS**

The Artistic Gymnastics competition venue is accessible on foot from the Fédération Internationale de Gymnastique and technical official hotels. The maximum journey time is around twenty minutes. Technical official will enter the venue by door 34 from July 22 - 28 and August 2 - 5. From July 29th to August 1st technical officials will enter the venue by door 38.

## VENUE MAP

## FIELD OF PLAY

### → QUALIFICATION

The field of play will vary according to the event. During the men's qualifications, the men's apparatus will be installed, and during the women's qualifications, all the men's apparatus will be removed to install the women's. All apparatus will be installed on 80 cm high podiums.

### → FINAL PHASE

For the Artistic Gymnastics men's all-around competition, the field of play will comprise (1) a floor, a pommel horse, rings, a (1) vault, parallel bars and one (1) horizontal bar.

For the artistic gymnastics women's all-around competition, the field of play will comprise one (1) vault, uneven bars, one (1) balance beam and one (1) floor.

During the apparatus final, only the competition apparatus will be installed. The only exception is the floor, which shall remain in place at all times. The apparatus for the

discipline in competition will be installed on podiums accessed by low stairs for the athlete's access.

## **FACILITIES AND SERVICES AT VENUE**

For the Artistic Gymnastics competition there will be two (2) separate warm-up areas, one for men and one for women, located close to the field of play. All apparatus in the warm-up hall will be installed on a gymnastics podium raised 80 cm and the zones will include a music system to play floor music for the female gymnasts and background music for the male gymnasts as well as stretching areas.

The competition venue will also have the following services and facilities:

- Lounges and meeting room for technical officials and the Fédération Internationale de Gymnastique
- Catering services
- Internet access
- Sports information desk
- Medical facilities

### **→ MEDICAL SERVICES AND FACILITIES**

Medical facilities will be provided at all competition venues. Athlete and spectator medical stations will be stocked with appropriate equipment, supplies, and medication, and will be staffed by experienced medical personnel. Ambulances will be stationed at all competition venues for the duration of the competitions.

Medical services for athletes will be provided in accordance with the requirements of the FIG and the Olympic regulations for the various sports. Medical services will generally be available from the time athletes, team officials and technical officials arrive at the venue until the time they leave.

Medical services will care for all other client groups, including spectators, workforce, media, sponsors, volunteers, contractors, VIPs, and Olympic Family. First-aid teams will also be in circulation at the venue to respond to any medical problems.

### → **FIELD-OF-PLAY RESPONSE**

Field of Play (FOP) response teams will provide first aid and emergency services to athletes and officials should such services be required. If necessary, the patient will be collected from the FOP and transported to the Athletes Medical Station, the Polyclinic or the Games-designated hospital, as appropriate. The order of response on the FOP and any decision-making will differ in each venue in accordance with the rules of the respective IF.

### → **LOST AND FOUND**

All reports of objects lost or found at the venue should be notified to the Sport Information Desk located near the athletes' entrance and the warm-up halls on the ground floor.

### → **TECHNICAL OFFICIALS' LOUNGE**

International Federation and technical officials dedicated areas are located on the third floor of the Bercy Arena, above the competition area. Technical officials have access to a room larger than 70m<sup>2</sup>.

Spaces reserved for the technical delegates and superior jury are situated on the second floor (ground floor) of Bercy Arena.

These dedicated areas will be equipped with a refreshment station offering unlimited bottled water, Coca-Cola soft drinks and whole fruit. These refreshments will generally be available for their meeting before the start of each podium training or competition session and up to one hour after the end of each podium training or competition session.

### → **CATERING**

Only international and national technical officials on duty will be able to eat in the Bercy Arena. "L'Ami Coq" has a capacity of around 110 people. Hot meals will be served.

Access to the on-site restaurant is conditional on the purchase of a meal voucher. Vouchers can be purchased at the ticket counter during the restaurant's opening hours or through the NTOs liaison in advance (cash only).

#### → Lunchtime

July 22 to 26: 11h00 to 14h00.

July 27 to August 11: 11h00 to 15h00

#### → Dinner

From July 24 to 26: 18h00-21h00

July 27 to 28: 18h00 - 22h00

July 29 to August 5: 17h00 - 21h00

It is not possible to dine at Ami Coq on July 22 and 23.

The price of a voucher for a hot meal is 15€. Technical officials and the Fédération Internationale de Gymnastique have exclusive use of the Ami Coq for 90 minutes, divided as follows: 60 minutes with 100% exclusive access and 30 minutes with an express line. Only technical officials with a voucher is allowed use this express line. This area is shared with Paris 2024 staff (all FA's), and a schedule has been drawn up for use of the restaurant. You will find below the schedule reserved exclusively for technical officials and the Fédération Internationale de Gymnastique. Outside these slots, exclusivity is not guaranteed.

## **VENUE ACCREDITATION AND HELP OFFICE (VAHO)**

An accreditation office will be present at Bercy Arena. Different levels of service are provided, including PVC validation, leading to accreditation activation. The VAHO also offers an accreditation replacement service, a dispute management service and distribution of Guest Passes and Day Passes.

For their first visit to the competition venue, all technical officials must be in possession of their accreditation. No non-accredited persons will be admitted to the site.

International technical officials with a pre-validated card arriving by plane can validate their card at the offices provided at Roissy Charles de Gaulle and Orly airports. These offices will be open from 7:00 to 23:00.

International technical officials arriving by train will not be able to validate their PVCs at the stations. They will have to go to the accreditation and uniform center (UAC) by their own or to the VAHO of the Bercy Arena before entering their competition venue for the first time.

National technical officials must pass through the UAC before entering the site to collect their accreditation.

Please find below the opening hours of the Bercy Arena VAHO:

# THE OLYMPIC GAMES: ESSENTIALS

## PARIS AND FRANCE IN 2024

France is the world's top tourism destination with some 89 million visitors who flock here every year. Paris is a city unlike any other. It is overflowing with culture, history, and beauty. And whilst people travel to Paris to see the Louvre, the Eiffel Tower, or Notre-Dame, the real magic is found in the streets. Whilst Paris is a city with a strong cultural identity, it also houses people from all over the world who add their own culture and customs into the mix.

As you explore the streets of Paris, you might find yourself walking the hills of Montmartre in search of that perfect crêpe or meandering through Belleville, a Chinese neighbourhood with hip, young Parisians and elaborate street art. Across the river Seine, you might find yourself enjoying a verre de vin at a café in Saint-Germain-des-Prés or exploring the winding streets of the Latin Quarter.

France is also one of Europe's most diverse, gastronomic, and interesting countries to explore. Romantic hill towns and castles, meandering river valleys, and oceans of vineyards carpet this country's landscape.

France remains at the forefront of technology, architecture, fashion, and cuisine. A fascinating blend of natural and man-made beauty, France offers châteaux, never-ending coastlines, medieval cathedrals, Europe's highest mountain ranges, and museums showcasing cultural icons of the Western world.

# ACCOMMODATION

Paris 2024 is tasked with organising and holding the Paris Games and this responsibility includes procuring and allocating accommodation solutions on behalf of the Accredited Games Community. This community includes all those designated by the International Olympic Committee and International Paralympic Committee, in particular members of the IOC and/or IPC, and their invitees, members of the French National Olympic and Sports Committee, French Paralympic and Sports Committee, National Olympic and Paralympic Committees, National and International Sports Federations.

Accordingly, Paris 2024 has booked a contingent of accommodation units with hotels and other establishments offering accommodation at a guaranteed price during the Period of the Games. In order to meet the needs of all stakeholder groups, Paris 2024 has secured more than 54,300 rooms in France, including more than 44,800 in Paris, in strategic locations for the Games.

All the specific information is presented in the Accommodation Guide, shared in December 2021. For IFs specific allocations, please refer to the demands made through the Accommodation Management System (AMS).

Concerning the contractual conditions and obligations linked to Accommodation, all is specified in the Accommodation Allocation Agreement (AAA), sent in 2023.

# ACCREDITATION

## OLYMPIC IDENTITY AND ACCREDITATION CARD (OIAC)

The Olympic Identity and Accreditation Card (OIAC) is the official Paris 2024 Olympic Games document that establishes the identity of its holder and their entitlements. In addition, the OIAC will provide accredited individuals with access to Olympic venues and other services during the Paris 2024 Olympic Games, according to their role.

To ensure the safety and security of all Games participants, they must pass a background check in order to receive an OIAC. The background check will be carried out by the relevant French Government agencies.

**→ PRE-VALID CARD VALIDATION**

Before validation, the OIAC is referred to as a Pre-Valid Card (PVC). The Paris 2024 Accreditation team will produce Pre-Valid Cards (PVCs) for all IF staff and international technical officials. Accredited delegates will be able to validate their PVC in accordance with the dates for each sport.

Individuals arriving in France on international flights at Charles-de-Gaulle and Orly airports will be able to validate their PVCs at the airport from 15 July 2024. Individuals arriving via other ports of entry will have to go to the appropriate accreditation centre to finalise the procedure for validating their accreditation. Each participant will need to visit an accreditation facility in person to finalise the validation procedure. Individuals will need to bring their PVC and the valid ID provided to Paris 2024 during the accreditation application process.

Unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay

visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process. The final visa will be printed on the PVC and not on the participant’s passport.

**ACCREDITATION CATEGORIES AND PRIVILEGES**

All Games participants are provided with access to only the venues and zones that are required for them to complete the duties associated with their roles. The table below outlines the level of access granted to IF population.

## → ACCREDITATION PRIVILEGE CODES

The Accreditation Card Operating System assigns access privileges according to a privilege matrix that includes any function performing an official role at the Games. The privileges are based on accreditation zones and are printed on the OIAC along with the individual's personal information, function and responsible organisation. At sport venues the privileges give access to accreditation zones as described below:

ZONES	
WHITE	General circulation areas
RED	Operational areas, General circulation areas

## SPORTS / VENUES

### CODE [1]

Competition venue(s) and training venue(s) for each discipline – white letters with black background

[1] The code is represented by the three-letter acronym of the venue in question, or by ALL for access to all sites.

### → CONDITIONS OF PARTICIPATION (COP)

As required by the IOC and in accordance with Rule 40 of the Olympic Charter, IF delegates and J category population (technical officials, judges, and jury members) must complete and sign a Conditions of Participation including the Parental/ Legal Guardian Acknowledgement of Consent for Minors form (if applicable), acknowledging their compliance with the IOC and International Federation rules regarding Games participation and the World Anti-Doping Code. Each individual applicant must provide their original signature on a hard copy of the Conditions of Participation form. The form will be available in English and French. Each IF is required to return signed COP prior to arrivals. Paris 2024 will not be able to validate your PVC if the signed COP is not submitted before the Games.

### → UNIFORM COLLECTION AT THE UAC

All IF delegates and technical officials should visit the Uniform and Accreditation Centre (UAC) to collect their uniforms or from the accreditation centres in co-host cities.

French Technical Officials will have the possibility to collect their accreditation and uniform in advance at the UAC or in one of the co-host or football cities. For the rest of the technical officials, an UAC visit will be organised for each group of technical officials according to their programme of activities before the first day of competition. Those who either are unable to complete the validation process at the airport or do not receive their PVCs in advance of the Games will be able to collect their OIAC at the UAC prior to collecting the uniform.

All Technical Officials must go to the UAC, except those officiating in co-host cities, and those who have been identified and contacted for a pick-up in co-host cities prior to their arrival in Paris.

## → ENTRY INTO FRANCE

In line with the Host City Contract, and in agreement with the IOC, PVCs facilitate entry into France. However, unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process.

These requests will be processed centrally in France by the Games Consulate, which is operational since January 2024, and only issues multiple-entry short-stay visas (maximum of 90 days within 180 consecutive days) valid from 26 June 2024 to 11 September 2024. All previous visits to the Schengen Area (including previous short-stay visas) within the last 180 days will count towards the maximum of 90 days.

Any participant requiring a long-stay visa or a short-stay visa outside of these dates will have to follow the standard visa process available from the French authorities. The short-stay requirement also applies to visa exempt participants (non- EU/ Schengen nationals).

Once the short-stay Schengen visa request process has been successfully completed, the visa number will be printed on the participant's PVC, which, together with a valid passport (same document used during the accreditation process), will serve as an entry document to France for the purpose of participating in the Paris 2024 Olympic Games.

If the participant does not need a visa, they do not need a visa number printed on their PVC.

## → LOST, STOLEN, DAMAGED ACCREDITATION CARDS

Lost and stolen accreditation cards should be reported immediately to the nearest accreditation centre or to the Olympic Family Hotel (OFH) or to the Venue Accreditation Help Office (VAHO). Participants will be required to complete a Lost/Stolen Accreditation Card form and present an acceptable form of identification.

Accreditation cards which are damaged in such a way that the photograph and/or the personal information is not legible or that the access control system is not able to read the card, should also be returned for replacement at any accreditation facility that provides accreditation card printing.

Please note that PVCs or OIACs cannot be reissued after the end of the operational period of Paris 2024 accreditation facilities.

# ARRIVALS AND DEPARTURES

Paris 2024 will use several airports and train stations to welcome IF population to the Olympic Games. The period of full arrival and departure operations will be effective 11 days before the Opening Ceremony and will end three days after the Closing Ceremony; 15 July - 14 August 2024.

The types of Port of Entry (POE) mentioned below are used by Paris 2024 to serve the official accommodation of the 2024 Olympic Games.

## PRIMARY PORTS OF ENTRY (PPOE).

Paris-Charles de Gaulle (CDG) and Paris-Orly (ORY) international airports will be the Primary Ports of Entry (PPOE) - Olympic Gateway - and will offer full arrival and departure services from 15 July - 14 August 2024. Services will be available in all terminals at the PPOE.

## SECONDARY PORTS OF ENTRY (SPOE)

Secondary Ports of Entry (SPOE) will have limited services according to the information provided by IFs in the ADS

Five SPOEs will be available during the Olympic Games:

- Fa'a'ā International Airport (PPT), Papeete - Tahiti
- Paris-Gare de Lyon (train station), Paris
- Gare de Marseille Saint-Charles (train station), Marseille
- Paris-Gare du Nord (train station), Paris
- Marseille Provence Airport (MRS), Marseille

In addition, 20 Arrivals & Departures Service Points (AND SPs) will be available during the Olympic Games: in co-host cities airport and train stations (see list in the Arrivals & Departures Guide). They will offer the same level of services as in SPOEs; but are activated on restricted dates depending on the competitions and information received via the ADS.

On the days of the Opening Ceremony (26 July 2024) and Closing Ceremony (11 August 2024), the Arrivals and Departures service strongly advises against arriving after 13:00. Transport services will be very limited and therefore congested. In addition, airspace will be closed from 17:30. All services will resume as normal the following day.

## ACTIVATION PERIOD

Validation desks will be located in secure zones of the terminals between immigration and the baggage claim area or in the baggage claim area depending on the terminals. Only PVC validation will be possible at CDG and ORY.

# CEREMONIES

The Paris 2024 Opening Ceremony will take place on the river Seine, in the heart of the city, and the Closing Ceremony will be held at Stade de France, near the Olympic Village.

## OPENING CEREMONY

For the first time, the Opening Ceremony will not take place in a stadium but in the heart of Paris, on the "Olympic Seine". Athletes will be the heart of the ceremony, which will start with the Athletes' Parade. Throughout the Ceremony, athletes will be featured on boats alongside performers.

The Opening Ceremony will consist of three main elements:

- Athletes' Parade: NOC delegations will travel six kilometres from east to west on the river Seine.
- Artistic show: There will be performances on river barges and bridges along the route of the Athletes' Parade.
- Protocol elements: Some protocol elements of the ceremony will take place at the Trocadéro and Iéna Bridge.

### TIME

The Opening Ceremony will start at 19:30 on 26 July 2024 and will end at 23:15.

### SEATING AND TICKETS

For the Opening Ceremony, the IF President, IF Secretary General and their accompanying guests, Executive Board Members, IF Delegates and IF Senior Staff will have a seat in the Trocadero's venue.

To reach their seats in Trocadero, they will have to follow this itinerary: they will have to reach the PSA in Kleber metro station and present a valid accreditation along with the elements of the Ceremony Kit. The IF will be in charge of distributing the ceremony kit to all clients, except for the IF President and Sec Gen for who the IOC will manage the distribution.

Your Sport Manager or Services will come back to you to organize your collection of the Ceremony kits.

If for any reason your IF wishes to transfer Trocadero quota, this will be possible only to accredited population. The IF will also have to ensure the transfer of the Ceremony Kit.

ITO will be seating in Quais de Seine. The person in charge of the CTP in your Federation will have to redistribute the tickets to each ITO. Tickets are not transferable.

### **TRANSPORT TO THE OPENING CEREMONY**

Olympic Family members seated on Trocadero will receive information regarding the journey from the Kleber Station to the Trocadero one and the list of metro station closures on the 26<sup>th</sup> of July to help them to build their journey planner. For any assistance, please refer to your SPT counterpart.

In addition, the following paragraph is mentioned in the DSLA: “EB members will come to Kléber by public transport to join the operations with the Olympic Family.

Metro Kléber will be secured by Paris 2024 for the accredited guests, mainly the Olympic Family. Metro Kléber, Line 6 of the Parisian metro, is located on Avenue Kléber. Once they arrive at Kléber, the EB members will get on the metro directly to Trocadéro (2 metro stations ahead). The metro will not stop in between the two stations. The metro will only operate for the accredited guests before and after the ceremony.

We recommend getting there before H-3 because of the spectator flow all over Paris. The best way to get to Kléber is by arriving to the stop station Charles de Gaulle - Etoile with the metro lines 1, 2 and RER A. Once arrived at Kléber by walk, they will join the operations with the privatized metro.

They will use the metro to get to Trocadero, to the ceremony. Once the ceremony is over, the operations will run until all the accredited guests have arrived at Kléber.”

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

### **→ CLOSING CEREMONY**

The Closing Ceremony will take place at Stade de France, the nation’s largest stadium.

The ceremony will start at 21:00 and finish at 23:15. Note that timings are subject to change.

### **SEATING AND TICKETS**

The IF President, IF Secretary General and their accompanying guests, Executive Board Members, IF Delegates and IF Senior Staff will have to present a valid accreditation along with the elements of the Ceremony Kit. The IF will be in charge of

distributing the ceremony kit to all clients, except for the IF President and Sec Gen for who the IOC will manage the distribution.

Your Sport Manager or Services will come back to you to organize your collection of the Ceremony kits.

If for any reason your IF wishes to transfer the quota, this will be possible only to accredited population. The IF will also have to ensure the transfer of the Ceremony Kit.

Regarding ITO, the person in charge of the CTP in your Federation will have to redistribute the tickets to each ITO. Tickets are not transferable.

### **TRANSPORT TO STADE DE FRANCE**

Olympic Family members will receive information regarding the journey from the OFH to Stade de France and the list of metro station closures on the 26<sup>th</sup> of July to help them to build their journey planner. For any assistance, please refer to your SPT counterpart.

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

## **ENVIRONMENTAL RESPONSIBILITY**

Paris 2024 has been committed to proposing a different model for the Games, one that is more sober and just as spectacular, and it is mobilising all its energies to achieve this. Paris 2024 is taking action at every level to reduce its impact on the climate and the environment. By developing and testing more responsible solutions in all areas of the organisation, Paris 2024 also hopes to inspire and leave a legacy for more responsible sport.

Paris 2024 is committed to halving its carbon emissions compared with the average for previous editions of the Games (London 2012, Rio 2016).

To achieve this, Paris 2024 is taking action at every level. By relying on 95% existing or temporary infrastructure, by offering twice as much plant-based food, by using less than 50% single-use plastic in catering, by finding a second-life solution for 100% of the temporary

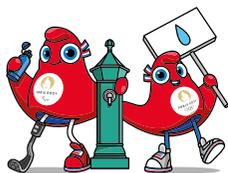

infrastructure and furniture on the Games sites, by connecting the venues to the public electricity grid to avoid the use of generators and by supplying the venues with 100% renewable electricity.

You can discover the rest of the commitments and actions for more responsible Games on our [website](#).

## RECOMMENDATIONS

The success of more responsible Games is everyone's responsibility. At all the venues, you have the opportunity to act at your own level and help Paris 2024 achieve its objectives for Games that everyone can be proud of. That's why Paris 2024 encourages you to adopt a few eco-reflexes:

- Using reusable water bottles and water fountains at the Olympic Village to reduce plastic waste.
- Using the waste sorting system to reduce the volume of waste that is sent to landfill sites.
- Promoting responsible food options and reducing food waste.
- Ensuring the responsible management of water and energy resources.
- Preserving sites and biodiversity, and respecting equipment to encourage their second life.

**USE YOUR REUSABLE BOTTLE AND THE WATER FOUNTAINS**

**AVOID FOOD WASTE AND SORT YOUR WASTE**

**RESPECT THE VENUES AND BIODIVERSITY**

**EAT MORE RESPONSIBLY**

**TRAVEL WITH A LOW CARBON FOOTPRINT**

**SAVE WATER AND ENERGY RESOURCES**

# FOOD AND BEVERAGE

Considering previous studies conducted by Paris 2024, the quality of the officials' experience results from a food and beverage offer that meets the dietary needs an individual. As a result, food and beverage services will be sustainable according to the Food Vision developed by Paris 2024 in collaboration with the Sport Managers' insight.

At competition venues, Paris 2024 will provide food and beverages services for TOs in the Technical Officials' Lounges and Venue Dining.

- In the Technical Official's Lounge: A refreshment station will be set up in the Technical Officials' lounge of each venue during the Olympic and Paralympic Games, including during the familiarisation phase prior to the start of the competition. The service will include snacks such as cereal bars and fruits, as well as Coca Cola products and hot drinks. Cold drinks will be provided in glass bottles to comply with French AGEC Law.
- In the Venue Dining: If Technical Officials spend more than four (4) hours on the competition venue, they can order and pay for one (1) of the two (2) meal options available at each Venue Dining:
  - Technical Official Venue Meal (TOVM): packed cold lunch box.
  - Enhanced Technical Official Venue Meal (ETOVM): buffet service with hot and cold options.

Meal services can be provided after completing the purchase by credit card (Visa only) or cash directly at the Venue Dining using the Per Diem allowance of each Technical Official. Vouchers can be purchased near the entrance of the Venue Dining. A counter and cash desk will be set up in all Venue Dining areas before the queuing area. Technical Officials will be given a paper voucher as soon as they have paid. Technical Officials will receive a per diem (see Per diem section below) that is aimed at being used to pay for meal vouchers.

Please note the opening hours of the Venue Dining: 11:00 to 15:00 / 17:00 to 21:00. These opening hours are generic and are in certain cases adjusted according to the competition schedule. The two (2) options can be eaten at the Venue Dining.

# **HOSPITALITY**

As part of this unprecedented celebration and driven by a desire to be innovative, it is fitting that Paris 2024 will also be the first Olympic and Paralympic Games to implement the New Hospitality Model and offer a revolutionary approach that provides fans from all over the world with a first-of-its-kind, unparalleled hospitality experience.

One of the driving forces behind Paris 2024 adapting this new model is to re-invent and elevate the hospitality designed for and delivered to those that are the heart and soul of the Olympic and Paralympic Games – our Games Stakeholders.

IF have access to three types of Hospitality lounges in venues:

- Olympic Family Lounge
- Upgraded IF Lounge
- Private IF Lounge

# **INSURANCE**

Coverage for ITOs and NTOs during the Olympic Games is as follows;

## **DISABILITY AND DEATH COVER APPLICABLE TO ALL**

Assistance and invalidity/death cover are identical for both categories (ITOs/NTOs).

In the event of death or disability occurring in France during the period of mobilisation of technical officials for the Olympic and Paralympic Games, the sum insured is 80,000 euros.

In the event of recognised disability, and after stabilisation, the victim will receive 80,000 euros in the event of disability of more than 60%. In the event of lesser disability, the victim will receive 80,000 euros multiplied by the percentage of disability. For example, if the victim is 50% disabled, he or she will receive €40,000.

## **MEDICAL EXPENSES REPATRIATION ASSISTANCE COVER**

For other cover, a difference must be considered between those (generally French nationals or French residents) who are beneficiaries of the French social security system (A), and those who are not (B).

### **→ A. BENEFICIARIES OF THE FRENCH SOCIAL SECURITY SYSTEM**

URSSAF rules will apply:

- Use of the “carte Vitale”
- Complementary reimbursement by the mutual insurance company
- Any remaining expenses will be covered by the specific guarantee set up by Paris 2024. In order to benefit from this cover, ITOs and NTOs can write directly to [assurances@paris2024.org](mailto:assurances@paris2024.org). The Paris 2024 insurance team will put them in direct contact with the relevant insurer.

### **→ B. FOREIGN BENEFICIARIES NOT COVERED BY URSSAF**

- The claim must be reported to the Paris 2024 insurance team as soon as possible at [assurances@paris2024.org](mailto:assurances@paris2024.org). This point is fundamental to confront the insurer with the problem and thus avoid any hassle for the victim.
- Except in exceptional cases, or where the insurance contract excludes coverage, the aim is to avoid any payment on the part of the victim, as the expenses will be covered directly by the insurer.
- The amount of medical expenses covered will not exceed 150,000 euros.

### **→ C. REPATRIATION**

- Whatever the victim’s origin or nationality, repatriation is covered at 100% by the insurer contacted by Paris 2024. The final decision to repatriate, as well as the conditions of repatriation, can only be decided by the insurer/assister accompanied by our medical team.

# **MEDICAL SERVICES**

Public health services, including disease surveillance, communicable disease control, food and water quality control and air quality monitoring will be in place throughout France during the Games.

## **MEDICAL SERVICES AT VENUES**

### **→ ATHLETE MEDICAL SERVICES AT COMPETITION VENUES**

At least one dedicated athlete medical station will be available at all competition venues. Each medical station will provide medical such as first aid, emergency care, sports medicine to athletes and team officials.

At most venues there will be an ambulance on site for the evacuation of athletes if needed. If not directly on site, ambulances will be available nearby.

### **→ TECHNICAL OFFICIALS SERVICES AT COMPETITION VENUES**

Medical services to technical officials at competition venues will be provided by the spectators medical services.

### **→ FIELD-OF-PLAY RESPONSE**

Field-of-Play (FOP) teams will provide first aid and emergency care to athletes and team officials on the FOP should such services be required. If necessary, the patient will be taken from the FOP and transported to the athlete medical station, Olympic Village Polyclinic, or a designated Games hospital as appropriate. The order of response on the FOP and any decision-making will differ according to the sport and the rules of the respective IF.

## **DESIGNATED GAMES HOSPITALS**

If the necessary medical services cannot be provided at the venue medical station, IF population will be transferred to designated Games hospitals in Paris or the co-host city.

Any patient suffering from a life-threatening condition at any of the venue zones will be taken to the nearest hospital.

The following public hospitals have been designated as the official hospital for IF population during the Paris 2024 Olympic Games:

CITY	HOSPITAL*
Paris and greater Paris	Hôpital européen George Pompidou 20 rue Leblanc, 75015 Paris
Châteauroux	Centre hospitalier de Châteauroux 216 avenue de Verdun, 36000 Châteauroux
Lille	CHRU Jeanne de Flandre Avenue Eugène Avinée, 59000 Lille (to be confirmed)
Marseille	AP-HM hôpital de la Timone 264 rue Saint-Pierre, 13385 Marseille
Tahiti	Centre hospitalier de Polynésie française Avenue du Général de Gaulle, 98713 Papeete

## PER DIEMS

All Technical Officials participating in the Paris 2024 Olympic and Paralympic Games will receive a per-diem to cover daily expenses and additional costs (transport between home and the station/airport, meals on and off the competition site, laundry, etc.). To do so, Paris 2024 sends a global Per Diem Grant to each International Federation, who has to transfer the corresponding amount to each IF Delegates and International Technical Officials. For National technical Officials, Paris 2024 sends directly the corresponding amount to the Technical Official. The exact amount of the Per Diem depends on the official operational dates that have been communicated by Paris 2024, or by the International Federation.

Per Diem payment will be made as follows:

- Technical Delegate and International Technical Officials: payment of the Per Diem by the International Federation.
- National Technical Officials: payment of the Per Diem by Paris 2024 ahead of the event.

## **RATE CARD**

The Rate Card programme is a service provided by Paris 2024 to IFs. The Rate Card team will provide a complete end-to-end service to customers: ordering, invoicing, payment, procurement, delivery and installation.

Paris 2024 has created a Rate Card Ordering Platform to facilitate the ordering process. Rate Card orders placed prior to the Games-time ordering period can only be placed through this platform.

A Rate Card catalogue has been shared with all IFs, covering all the products and services available for IFs. Three main categories of items are available through the catalogue:

- Technology services
- Furniture fixtures and equipment
- Transport (vehicles & VAPPs)

Non-Standard Requests cover products, services and locations requested by Rate Card Customer which are not fully covered in the published catalogue items.

## **SECURITY**

In accordance with its letter of guarantee and the IOC's Host City Contract, the French State is responsible for the safety and security of the Paris 2024 Olympic Games.

The government will coordinate all security matters as well as emergency services, whilst Paris 2024 is responsible for the design, implementation, and execution of security measures at Paris 2024 competition and non-competition venues.

Paris 2024 has partnered with national security agencies to integrate the most effective security arrangements within venues and other official sites.

### **SECURITY AT VENUES**

#### **→ VENUE INSPECTION AND LOCKDOWN**

All competition and some non-competition venues (such as hotels) will undergo a security inspection by specialist government departments and a lockdown period prior to the Games.

During the lockdown period, all security and safety procedures will be implemented, and access controls will be activated with the support of technology measures. However, please note that French legislation does not allow facial recognition. During this period, no person, vehicle, or equipment may enter the venues without accreditation (or other appropriate access devices) and without passing the appropriate security checks.

After the accreditation check, people wishing to access venues will be subject to a personal and property inspection. Personal and baggage inspections for people whose age, mobility or medical reasons do not allow them to undergo the generic procedure are subject to an adapted procedure that takes better account of their specific needs.

## PROHIBITED OR RESTRICTED ITEMS POLICY

### → PROHIBITED ITEMS

These items are strictly forbidden in the Paris 2024 venues.

#### AT COMPETITION VENUES

## IN OLYMPIC VILLAGES

- **Firearms and/or ammunition not used for Games competitions.**
- **Replica weapons:** airsoft firearms, replica weapons and/or reproductions that could cast doubt on the owner's intention.
- **Explosives, flammable substances, and pyrotechnic devices:** explosive devices, improvised explosive devices, gunpowder, smoke bombs, smoke, flares, fireworks, objects re-sembling explosive devices, ignition devices.
- **Dangerous substances, doping products, and illegal narcotics:** items likely to in-fringe the law regulating toxic and noxious substances, narcotics and stimulants or other illegal drugs in France, Europe, and other parts of the world, items corresponding to dangerous materials under French legislation, tear gas, pressurised containers, items corresponding to dangerous materials,
- **Wireless equipment not authorised without a TAG from French spectrum agency (ANFR):** radios, microphones, broadcasting cameras, drones, satellite links, wireless 4G routers, jamming or scanning equipment, radio scanner.
- **Political, religious, vulgar messaging, or trademarks:** advertising materials, signs, banners, etc. that include a religious or political message, or are deemed contrary to public order. Ropes, carboards, posters, and other items that can be used for demonstrations in the venues,

## → RESTRICTED ITEMS

These items are authorised at venues but restricted in quantity and/or nature.

### AT COMPETITION VENUES

- **Weapons of opportunity:** only walking aids are authorised,
- **Flammable substances:** only portable oxygen cylinders for medical use are allowed,
- **Containers:** plastic bottles, plastic or metallic flasks/gourd are allowed,
- **Luggage:** large sports bags and large pieces of luggage are permitted,
- **Animals:** only service dogs are allowed,
- **Flags:** only flags of countries and territories participating in the Games are allowed, without rigid flagpoles, and without size restrictions for athletes at competition venues.

### IN OLYMPIC VILLAGES

- **Weapons of opportunity:** walking aids, everyday blades (such as multi-tools, scissors, ra-zors etc.) that are allowed in planes, that can malevolently be used as a weapon to inflict harm.
- **Flammable substances:** only portable oxygen cylinders for medical use are allowed,
- **Animals:** only service dogs are allowed,
- **Sprays and aerosols:** sprays and aerosols used for daily hygiene such as deodorants are allowed,
- **Objects producing excessive noise:** personal musical instruments and music speakers are allowed,
- **Flags:** only flags of countries and territories participating in the Games are allowed, without rigid poles. No maximum size for athletes at Villages.

## → OBJECTS CONSIDERED AS “TOOLS OF THE TRADE”

Objects authorised at venues only if they are required to carry out professional activities for certain stakeholders.

### AT COMPETITION VENUES

- **Weapon of opportunity:** tools such as hammers, wrenches, saws, screwdrivers, etc. needed to maintain sports equipment and personal mobility aids for people with reduced mobility, but that can malevolently be used as a weapon to inflict harm,

- **Personal mobility devices:** bicycles and other personal means of transport required for on-site competitions,

- **Photography equipment:** camera lenses larger than 20cm are authorised.
- **Camera equipment:** all equipment used to take photos and videos to analyse athlete performance.
- **Medical equipment for the treatment of athletes.**

### IN OLYMPIC VILLAGES

- **Weapon of opportunity:** tools such as hammers, wrenches, saws, screwdrivers, etc. necessary to help people settle at villages and the maintenance of sports equipment.
- **Laser pointers to be used in meetings**
- **Medical equipment for the treatment of athletes.**

At the F-DRM, the Chefs de Mission will receive stickers to be applied on tools of trade that have been registered in advance via Paris 2024 NOC services. The Chef de Mission will be responsible to distribute the stickers to all the delegation.

Please note that for security reasons, the use of drones is strictly forbidden at all competition and non-competition venues of the Olympic Games

## EMERGENCY SERVICES

### → EMERGENCY NUMBERS OUTSIDE PARIS 2024 VENUES:

- European emergency number: 112
- Emergency Medical Services (SAMU): 15
- Police: 17
- Fire brigade: 18

Paris 2024 recommends that IF representatives do not programme emergency service numbers into mobile phones as speed dial functions can lead to accidental calls to the emergency services.

# TICKETING AND ACCREDITED SEATING

## GAMES-TIME TICKET SALES

At Games time, available tickets may only be purchased through the [CTP](#).

### → TICKET TOUTING

Tickets for the Paris 2024 Olympic Games are only on sale on the official ticketing website for future spectators from all over the world. No other sales platform is authorised to sell tickets. By buying tickets or hospitality packages outside official channels, the buyer runs the risk that tickets or packages are not delivered to them, or that access to the sports venues will be denied to them by the Paris 2024 Organising Committee in accordance with the ticketing general terms and conditions. In addition, all buyers and/or sellers are informed that the unauthorised sale or resale of tickets outside of the official channels, constitutes an offense under French law, in particular, an offense sanctionable under article 313-6-2 of the French criminal code.

## TRANSPORT

Paris 2024 aims to provide a safe, reliable and efficient system of transport, within the Host Country, free of charge, for technical officials, Olympic Family members and International Federation staff.

The transport services will consist of:

- Transport for Federations (TF)
- Public Transport (TP)
- Transport Connect (TC)
- On-Demand Transport Service (TX)

The TF Transport service will be provided from each official IF hotel as a base connecting to the competition venues, UAC, technical meetings.

## TRANSPORT PRIVILEGE

TRANSPORT PRIVILEGE	SUMMARY OF SERVICES	TRANSPORT TYPE	SERVICE DESCRIPTION
Transport Federations (TF)	ITOs/NTOs and IF staff transport system	Coach	TF / ITOs/NTOs/IF staff transport system from official accommodations/hotels to competition and training venues. TF have access to TC and TP
TX	On-demand or on-request service available on booking with shared driver	Fleet (car / van)	TX On-demand or on-request service, vehicle available on booking with volunteer driver, allowed to go to all Tx destinations. Tx have access to TC and TP.
Transport Connect (TC)	Shuttle system from transport hubs to venues and TP stations	Bus / coach	TC Games stakeholders transport system (shuttles dedicated to clients of the Games). TC have access to TP
Public Transport (TP)	Free access to public transport in Paris Region Area.	Subway / bus / regional express line	TP Public transport system

## TF TRANSPORT

A summary of transport at the Games follows.

**Please note that full details of transport services at the Games, including timetables, may be found in the DSLA communicated to IFs.**

Paris 2024 is responsible for providing transport services to properly accredited technical officials and IF staff during the period of the Olympic Games.

These transport services are collectively known as the TF service.

The TF service will be available for all accredited technical officials, judges, jury members, IF staff, and IF media staff.

## → SERVICES BETWEEN HOTELS AND COMPETITION VENUES

A dedicated TF service will operate between technical officials' hotels and each competition venue during the competition period for each sport, in accordance with the competition schedule. In general, TF services will start service two hours before competition and finish one hour after competition.

Where technical officials are required to attend meetings, briefings, venue familiarisations or other events before the start of competition, either at the competition venue or at another venue, TF services will be provided from and to the technical officials' hotels in accordance with the officials' requirements. However, in cases where the number of passengers is small, the principle is that the passengers should travel in the vehicles allocated to IF.

## INTERCITY TRAVEL

Transport will be provided for technical officials between Paris and co-host cities. Details will be communicated to technical officials on arrival.

## PUBLIC TRANSPORT

All accredited stakeholders will be entitled to free-of-charge access to public transport (TP) services within the Greater Paris area and in co-host cities, from 15 July to 14 August 2024.

### → GREATER PARIS AREA

A physical transport card (Navigo) will be provided during the accreditation validation process for each Games stakeholder with TP privileges. At the end of the stay, stakeholders must leave the pass in a dedicated collection box at Transport Desks and Port of Entries.

In the Greater Paris area, most official venues can be reached by TP

Approximate TP hours of operation are as follows:

- Buses from 05:45 – 00:45
- Metro from 05:30 – 01:15 (until 2:15 on Fridays and Saturdays)
- RER from 04:30 – 01:15
- Trams from 05:10 – 01:00

These hours are for information only. Full details will be available on the Paris 2024 Transport Accred app.

## → CO-HOST CITIES

In the co-host cities, most competition venues can be reached by public transport (except Tahiti). Bordeaux, Châteauroux, Lille, Lyon, Marseille, Nantes, Nice, and Saint-Etienne all have public transport systems that can be used free-of-charge by accredited stakeholders. Where applicable, access means will be distributed at the relevant co-host city.

Public transport in Châteauroux will be free of charge for both the general public and accredited stakeholders, therefore no access means will be distributed.

## TRANSPORT CONNECT (TC)

The Transport Connect service (TC) is dedicated to accredited stakeholders and its aim is to complement public transport services. TC services will include regular shuttle and bus routes that connect transport hubs and public transit stations with venues, making it easier to reach venues than with public transport alone. The TP network will use various forms of transport (metro, bus, tram, RER trains) as well as TC lines. In some cases, TC lines could be replaced by TP if the journey is more direct and efficient.

TC will be operational from 15 July to 14 August 2024. Activations will start 4 hours before competition sessions and end 4 hours after competition sessions. On non-competition days TC will be activated from 8:00 to 20:00.

A TC night loop called Noctilien has also been created to complement regular TP offer during nighttime. It will run between 26 July and 12 August 2024 with a peak frequency of 10 minutes.

TC will be activated in the Greater Paris area, Lyon area, Lyon, Marseille, Lille, Chateauroux, Nantes, Nice, Bordeaux, Saint-Etienne and Tahiti.

The TC system is also available for all spectating athletes to reach competition venues. Spectating athletes can use the Paris 2024 Transport Accred app to plan their route.

Please note that TC drop-off and pick-up zones are located outside venue security perimeters.

## TRANSPORT APP

Paris 2024 will launch a dedicated Games-time Transport app for all accredited stakeholders. This will be different to the Île-de-France Mobilités (IDFM) transport app for public transport.

The main functionalities will include:

- Journey planner to calculate the best itineraries according to user preferences.
- Multimodal app suggesting itineraries that use both public transport services (TP) and Paris 2024 transport services (each accredited stakeholder will only see the Paris 2024 transport services that they are entitled to).
- Real-time travel information (travel time updates, next departures, and alerts).
- Booking functionalities for TX services (available according to user privileges).

The app will be available to download from the Android Play Store and Apple App Store, and will be available in French, English, Spanish.

## UNIFORMS

Paris 2024 and Le Coq Sportif, our official partner, have developed a uniform, consisting of a mix of casual and semi-formal items, which combines comfort, aesthetics and functionality, while respecting their joint commitment for sustainability.

The uniform has a unisex design, is adapted to different body types and made in breathable and resistant materials.

All technical officials will be provided with a uniform kit, containing the following items:

ITEM	QUANTITY
Polos	3
Pairs of casual trousers which can become shorts	2
Long-sleeved shirts	2
Rain-proof jacket	1
Smart jacket	1
Pair of smart trousers	1
Pairs of socks	4
Pair of sports shoes	1
Backpack	1
1 Small bag	1
1 Panama hat	1
1 Carrier bag containing the entire provision	1

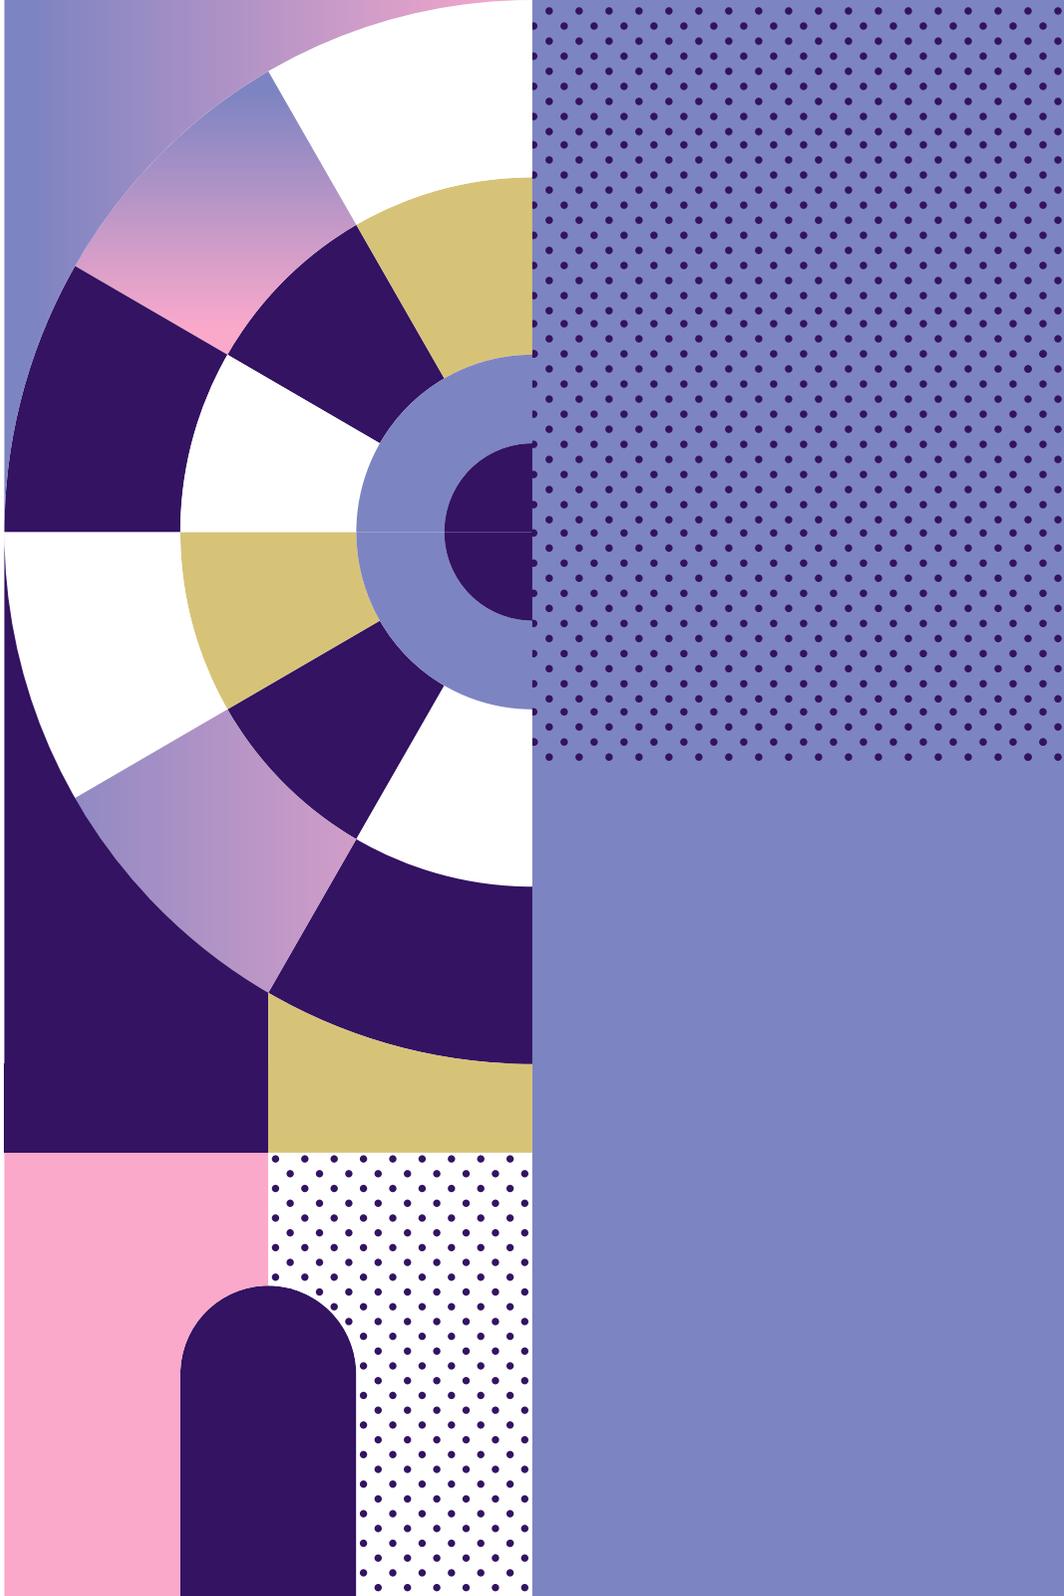

## **UAC – ALTERATION SERVICE**

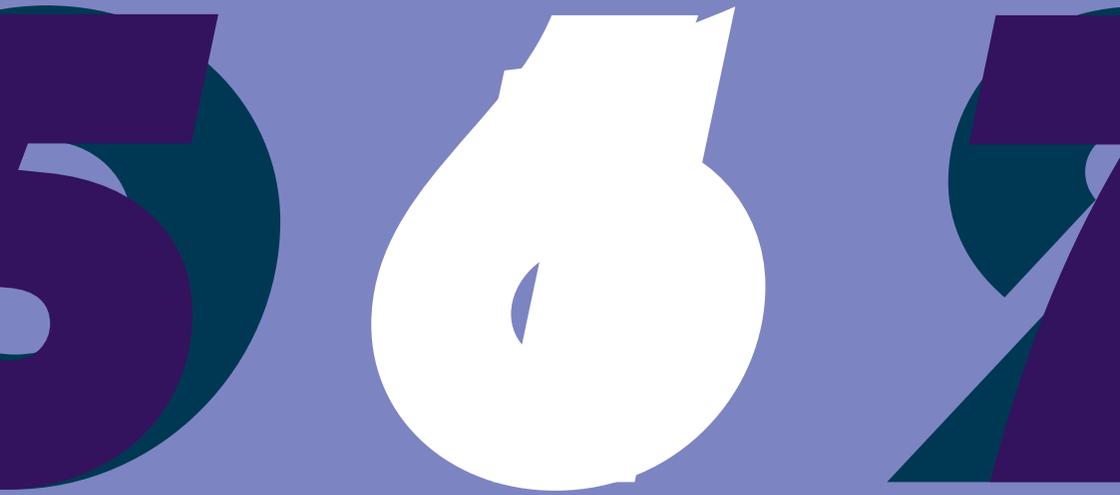

Officials will be invited – through dedicated slots – to collect their uniform from the Uniform and Accreditation Centre (UAC) at Porte de Versailles in the 15th arrondissement of Paris. They will be able to try on the items and have alterations made to suit their body shape.

Officials of sports held in co-host cities will be able to collect their uniforms directly from the competition venue, and an alteration service will also be made available.
