ABOUT THIS GUIDE

Published in June 2024, the series of International Federations' Guides offer a summary of competition-related material about each sport at Paris 2024 and provide a variety of information aimed at helping International Federations in their planning and final preparation for the Games.

All information provided in this International Federations' Guide was correct at the time of publication, but some details may change prior to the Games so IF representatives are urged to regularly check with Paris 2024 IF Services and the respective competition management teams for the latest updates.

This information has been developed and approved by the IOC, International Federations and Paris 2024 competition management and may be updated as required leading up to the Games. The International Federations' Guides are designed for internal operational use by Paris 2024 stakeholders and should not be publicly shared.

WELCOME

On behalf of the Paris 2024 Organising Committee, I am delighted to present the series of International Federations' Guides for the Games of the XXXIII Olympiad.

At Paris 2024, we are proud to organise the first Games under the New Norm of the Olympic Agenda 2020, which focuses on economic, social and environmental efficiency and sets a precedent in the organisation of sports events. Our ambition is to present the first carbon-neutral Games, the first gender-balanced Games and the first Games open to all with the mass participation marathon. Paris 2024 aims to deliver responsible Games whether by using 95 percent of existing or temporary venues and 100 percent renewable energy during the Games, or by favouring a circular economy, sustainable food, and clean mobility, and by preserving the biodiversity on venues. By taking climate and environmental issues into account well before the event, we are breaking new ground in the history of the Games.

One hundred years since the last summer Games in France, Paris 2024 has huge ambitions for the Games in 2024. Our aim is to offer a new event model that is in tune with people's aspirations, especially those of the younger generations, for example by introducing four additional sports such as breaking, sport climbing, skateboarding or surfing.

As athletes are the heart of Paris 2024 Olympic Games, we are committed to offer them an exceptional experience, with unique competition venues in iconic sites of Paris and France, such as the foot of the Eiffel Tower, the Château de Versailles or Teahupo'o in Tahiti.

Paris 2024 will leave a positive and lasting impact on the lives of residents by making long-anticipated investments, especially in Seine-Saint-Denis, such as the Olympic Village and the Aquatics Centre. All the facilities that will be used by athletes and delegations during the Games are designed with their legacy in mind so that they can be repurposed as public facilities, housing and offices based on local needs.

We hope that this guide, produced in collaboration with IOC Sport and International Federations, will provide you with the information you need to prepare for your Games.

We are looking forward to welcoming you to the City of Lights in the summer of 2024 for what we hope will be revolutionary Games.

Aurélie Merle
Sport Director

RULES

The Trampoline Gymnastics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games :

→ FIG Rules

→ FIG Status

- FIG Technical Regulations
- FIG Apparatus Norms
- Codes of Ethics, Conduct and Discipline
- FIG Code of Points specific to Trampoline Gymnastics, relevant newsletters and helpdesk
- FIG Judges' Rules (general and Trampoline Gymnastics-specific versions)

→ FIG Licence Rules

- Current and future FIG Executive Committee decisions on adhoc regulations for AIN athletes.

All of the above-mentioned documents are available by clicking on the following link: <https://www.gymnastics.sport/site/rules/rules.php>

- Olympic Charter: <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the FIG will be responsible for the control and direction of the Trampoline Gymnastics competition at the Paris 2024 Olympic Games.

JUDGES AND SCORING

The jury will be composed of one (1) Chair of Judges' Panel, six (6) Judges for Execution and two (2) Judges for Difficulty.

A routine on the trampoline is characterised by acrobatic elements performed in the athlete's flying phase. These elements must be high, continuously rhythmic, feet-to-feet and feet-to-back, front or seat rotational jumping elements, without hesitation or intermediate straight bounces. A trampoline routine should be planned to demonstrate a variety of forward and backward twisting or non-twisting elements and show good form, good form, execution, height and opening to demonstrate perfect control of the body during the flying phase.

The evaluation of execution, difficulty and horizontal displacement is done in tenths of a point. The flight time is evaluated to 1/1000 of a second rounded to 1/100 of a second at the end of the routine.

The final score (F) is calculated as follows:

$$F = E (\text{max. 20 pts}) + H (\text{max. 10 pts}) + D + T - \text{penalty}$$

Judges must write their deductions independently of one another. The Chair of Judges' Panel (CJP) controls all aspects of the competition. They take decisions on all matters other than execution, difficulty, horizontal displacement and time scores. They also act on and communicate these decisions to all the relevant officials.

The evaluation of execution and difficulty is done in tenths of a point. The time of flight is evaluated in 1/1000 of a second rounded down to 5/1000 of a second.

Judges' Panel	Description	Number of Judges
CJP (HD, ToF)	Chair of Judges' Panel	1
E-score	Judges for Execution	6
D-score	Judges for Difficulty	2
Total		9

CLOTHING AND EQUIPMENT

Clothing and equipment used by athletes and other participants in the Gymnastics competitions at the Olympic Games must comply with the documents listed below:

- FIG Technical Regulations
- FIG Code of Points (discipline-specific versions)
- Advertising Rules Competition Clothing

(All of the above-mentioned documents are available at the address <https://www.gymnastics.sport/site/rules/>)

- Olympic Charter (<https://olympics.com/ioc/olympic-charter>), in particular Rule 50 : Advertising, Demonstrations, Propaganda

RULE 50 OF THE OLYMPIC CHARTER AND GUIDELINES CONCERNING AUTHORIZED IDENTIFICATIONS

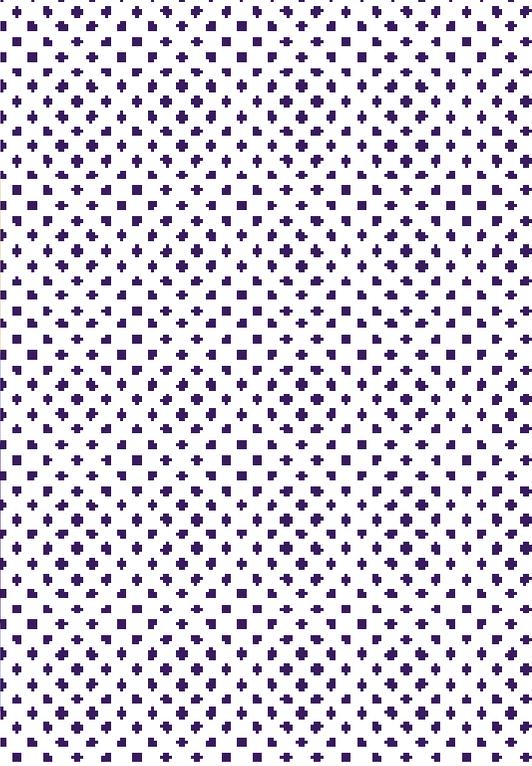

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events.

This is reflected in the regulations implementing rule 50 of the Olympic Charter, which stipulates that :

No form of advertising or propaganda, commercial or otherwise, may appear on persons, sportswear, accessories or, more generally, on any article of clothing or equipment worn or used by athletes or other participants in the Olympic Games, with the exception of the identification [...] of the manufacturer of the article or equipment concerned, provided that this identification is not conspicuously marked for advertising purposes.

Highlighting the national and Olympic identity of the athletes helps to better distinguish the Olympic Games, while respecting the important contribution of sporting goods manufacturers.

Please refer to the complete Guidelines Regarding Authorised Identifications document for detailed information and instruction on all aspects of Rule 50 and its application and enforcement at the Paris 2024 Olympic Games.

COMPETITION FORMAT

The Trampoline Gymnastics competition will be held on a single day, Friday 2 August. The women's event will take place during the first session, with qualifications and finals. The 16 athletes will present one or two (2) exercises during qualifications and the top eight (8) athletes advance to the final, during which they will present an exercise, followed by a victory ceremony. The Trampoline Gymnastics competition will continue with the men's events in the same format as the women's competition.

PRE-COMPETITION PROCEDURES

ORIENTATION MEETING

DATE	TIME	LOCATION
31 July 2024	13:00 – 14:00	Press Conference Room at Bercy Arena

Representatives of the FIG and Paris 2024 gymnastics competition management will outline the full event programme and address NOCs' questions. Each participating NOC is required to attend, with a maximum of two delegates per NOC.

The FIG ITOs and NTOs are not invited to the orientation meeting.

VENUE FAMILIARISATION

The technical officials will have the opportunity to gain familiarity with the venue and their own dedicated areas (such as the technical officials' lounge and technical officials' meeting rooms) on the first official day at the venue.

DISTRIBUTION OF EQUIPMENT TO TECHNICAL OFFICIALS

Liaisons (ITO/NTO Liaisons and TC Liaison) will ensure that all the equipment required by judges (line flags, timers, etc.) and score sheets are in place before the competition starts. The equipment must be left on site at the end of competition to be collected by the liaisons.

COMPETITION CARDS

The ITO/NTO liaison officer will take personal responsibility for collecting the competition cards from the Bercy Arena sport information desk and giving them to the technical delegate before the first ITO/NTO meeting and the draw. The competition cards will be available for inspection and checking immediately after the draw and judge allocation.

COMPETITION PROCEDURES

TECHNICAL OFFICIALS' PRE-COMPETITION ASSEMBLY

The technical officials (including the reserves) must be present in the technical officials' lounge 30 minutes before the competition starts. The liaison will gather them for their roll call and escort them to the corner of the field of play around 20 minutes before the competition starts.

The reserve judges, the jury secretary and the timekeeper will immediately go to their positions at the technical table, with members of the superior jury.

Before leaving the technical officials' lounge, all technical officials' uniforms will be checked to ensure that it is correct and to verify compliance with Rule 50 of the Olympic Charter. Unofficial clothing and equipment will not be allowed on the field of play.

FIELD OF PLAY ACCESS

Access to the field of play will be limited to technical officials who are taking part in the competition at the time. The number of persons with access to the field of play will be strictly limited in accordance with the FIG Technical Regulations and Accreditation Rules.

The competition area will feature a dedicated access for technical officials, located in Brèche B, who will have to use the limited-access corridors to move around the building.

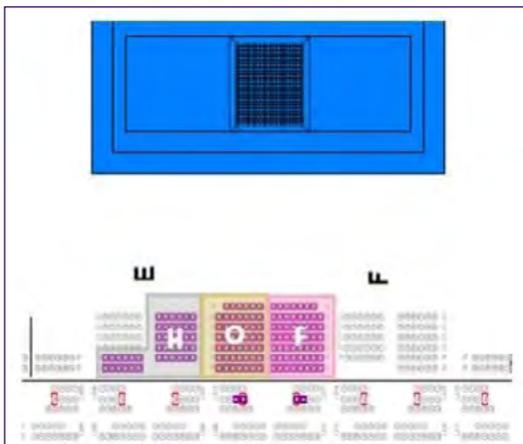

Technical officials will be required to show their accreditation to gain access to the competition area.

ENTRANCES/EXITS

The routes to reach their seats will be explained to the judges at the first TOs’ instruction meeting. The seats will be arranged outside the field of play so that the judges do not have to do entry and exit marches.

LOCATION OF THE TECHNICAL OFFICIALS’ SEATS

International technical officials, members of the International Gymnastics Federation staff and technical delegates will have access to the International Federation’s accredited seating area “F stands”. This area is under the control of the International Gymnastics Federation and access to it is limited to certain hours of the competition. Please note that the area may be limited at certain times of the competition and that the seats will be available on a first come, first served basis. Passes must be worn at all times in this area. Officials will be strictly forbidden from sitting in any other type of ticketed seat, unless they have been authorised to do so by a member of Paris 2024 staff.

Access to the F stands is via the 2nd floor.

48 seats are reserved for the GTR on August 2.

RESERVE JUDGES

Reserve judges will be seated at the technical table. They will not take part in the entrance march, but will take their seats with the superior jury and competition management at the latest 20 minutes before the competition starts.

ACTIVITY BETWEEN QUALIFICATIONS AND FINALS

Before the qualification competition, there will only be 15 minutes approximately before the final competition. When time allows it, technical officials may return to the technical officials' lounge.

POST-COMPETITION PROCEDURES

LEAVING THE FIELD OF PLAY

Competition judges must remain in place at the technical table during the entire competition and the victory ceremony (if applicable). Victory ceremonies for the individual events will take place seven minutes after the competition ends.

As a general rule, the technical officials will leave their seats to go to the TO meeting room after the last sequence of the competition and once the score has been displayed. The technical delegate, the jury and the field of play team leaders will be responsible for coordinating these movements.

**COMPETITION
VENUE**

BERCY ARENA (BCY)

8 boulevard de Bercy – 75012 Paris – France

Bercy Arena is an iconic venue for culture and sport in Paris and across France, recognisable with its pyramid design that stands out from the landscape of Paris' 12th arrondissement. Built in 1984, the venue is located 21 kilometres from the Olympic Village and close to various tourist sites including Notre-Dame de Paris Cathedral, the Hôtel de Ville and the Latin Quarter.

Its 15,000-spectator capacity allows Bercy Arena to host high-level sports events, such as the Paris Masters, an international men's tennis tournament from the ATP Tour, and the final rounds of the 2018 European women's handball championship. It will also be the venue for the Olympic Basketball finals as well as Artistic and Trampoline Gymnastics, and the Wheelchair Basketball events during the Paralympic Games.

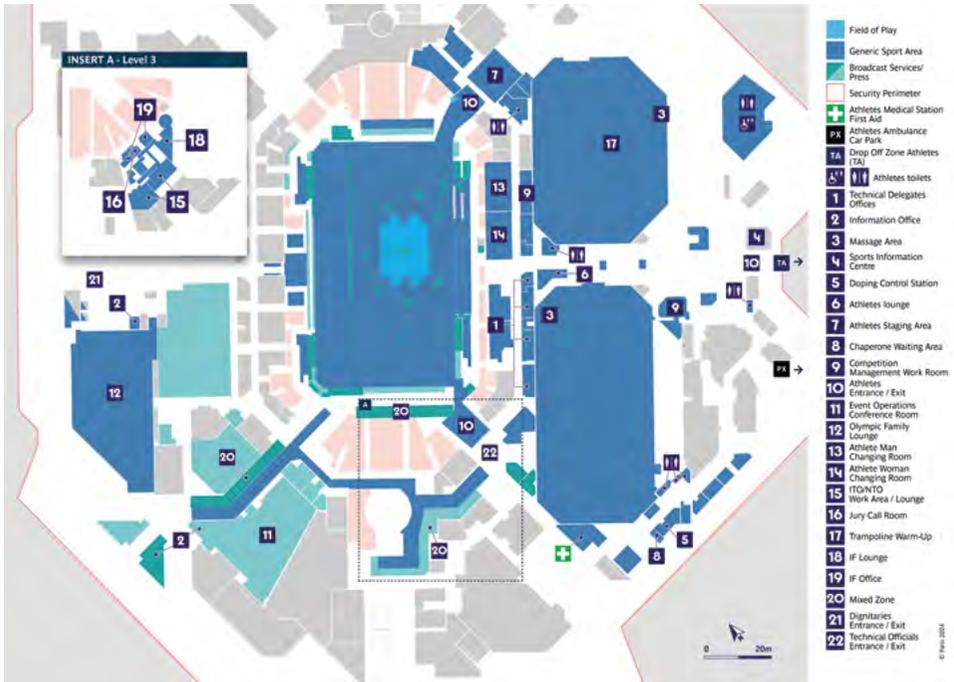

Renovated between 2014 and 2015 to modernise its infrastructure, Bercy Arena ticks all of the boxes today for hosting major competitions and cultural events. Bercy has nothing left to prove since it was inaugurated, this multi-sports venue has already welcomed more than 30 million spectators at hundreds of events, from athletics to basketball, ice hockey and motocross.

VENUE ACCESS

The trampoline gymnastics competition venue is accessible on foot from the International Gymnastics Federation and technical official hotels. The maximum journey time is around twenty minutes.

Entrance to the competition site for technical officials will be at Gate 34.

VENUE MAP

VENUE TRANSPORT ACCESS

Bercy Arena is also easily accessible by public transport thanks to its location in south-east Paris. Bercy Arena is accessible by metro via line 14 and line 6, Bercy stop. Bus line 24 also stops at the 'Bercy – Arena' stop.

FIELD OF PLAY

The field of play will contain two (2) FIG-certified 505 x 291 cm trampolines mounted on a podium. Attached to the trampolines, safety platforms will extend the trampoline landing zone, providing greater security in case of a fall outside of the canvas. In addition to the trampolines and platforms, a safety area marked out by landing mats will surround the trampolines. Coaches will be based in this area to ensure athletes' safety.

VENUE FACILITIES AND SERVICES

The competition venue will also have the following services and facilities:

- lounges and meeting rooms for technical officials and the International Gymnastics Federation
- catering services
- Internet access
- sports information office
- medical facilities

→ MEDICAL SERVICES AND FACILITIES

Medical facilities will be provided at all competition venues. Athlete and spectator medical stations will be stocked with appropriate equipment, supplies, and medication, and will be staffed by experienced medical staff. Ambulances will be stationed at all competition venues for the duration of the competitions.

Medical services for athletes will be provided in accordance with the requirements of the FIG and the Olympic regulations for the various sports. Medical services will generally be available from the time athletes, team officials and technical officials arrive at the venue until the time they leave.

Spectator medical services care for all other client groups, including spectators, workforce, media, sponsors, volunteers, contractors, VIPs, and Olympic Family. First-aid teams will also be in circulation at the venue to respond to any medical problems.

→ FIELD-OF-PLAY RESPONSE

Field of Play (FOP) response teams will provide first aid and emergency services to athletes and officials should such services be required. If necessary, the patient will be collected from the FOP and transported to the Athletes Medical Station, the Polyclinic or the Games-designated hospital, as appropriate. The order of response on the FOP and any decision-making will differ in each venue in accordance with the rules of the respective IF.

→ LOST AND FOUND

All reports of objects lost or found at the venue should be notified to the Sport Information Desk located near the athletes' entrance and the warm-up halls on the ground floor.

→ TECHNICAL OFFICIALS, TECHNICAL DELEGATES AND SUPERIOR JURY OFFICES

The spaces reserved for the International Federation and technical officials are situated on the third floor of Bercy Arena situated above the field of play. The technical officials have a room that is larger than 70m².

Spaces reserved for the technical delegates and superior jury are situated on the second floor (ground floor) of Bercy Arena.

These spaces will be equipped with a refreshment station that will provide unlimited bottled water, Coca-Cola fizzy drinks and whole fruit. These refreshments will generally be available 1.5 hours before the start of each competition session and up until one hour after the end of each competition session.

→ CATERING

International and national technical officials will be able to dine in the Bercy Arena. "L'Ami Coq" has a capacity of around 110 people. Hot and cold meals will be available.

Access to the restaurant is subject to the purchase of a meal voucher. Vouchers can only be purchased at the ticket counter during the restaurant opening hours listed below :

The hotel is located just a few hundred meters from the Bercy Arena, and the longest journey takes around five minutes on foot. The Ibis Style Paris Bercy is close to the Pullman hotel, but also to the lively Bercy Village district, where there are numerous restaurants with terraces.

The hotel offers its guests a range of services, including elevators, air conditioning and wifi in the lobby. A member of hotel staff is also on hand 24 hours a day at reception. Languages spoken by hotel staff include English, Italian, Portuguese, Spanish and French. Rooms are also equipped with air conditioning and wifi.

Check-in is possible from 2pm and check-out until 12am. A luggage storage area is available for guests arriving early or leaving late to leave their luggage at no extra charge.

Umbrellas can also be loaned in exchange for a deposit, which will be returned when the umbrella is returned, in case of bad weather, while you make your way to the Arena.

A buffet breakfast is served daily from 6:30am to 10:00am. Before 6:30 am, a takeaway box is available. When necessary, the hotel reception must be informed 24 hours in advance by the TOs concerned.

THE OLYMPIC GAMES: ESSENTIALS

PARIS AND FRANCE IN 2024

France is the world's top tourism destination with some 89 million visitors who flock here every year. Paris is a city unlike any other. It is overflowing with culture, history, and beauty. And whilst people travel to Paris to see the Louvre, the Eiffel Tower, or Notre-Dame, the real magic is found in the streets. Whilst Paris is a city with a strong cultural identity, it also houses people from all over the world who add their own culture and customs into the mix.

As you explore the streets of Paris, you might find yourself walking the hills of Montmartre in search of that perfect crêpe or meandering through Belleville, a Chinese neighbourhood with hip, young Parisians and elaborate street art. Across the river Seine, you might find yourself enjoying a verre de vin at a café in Saint-Germain-des-Prés or exploring the winding streets of the Latin Quarter.

France is also one of Europe's most diverse, gastronomic, and interesting countries to explore. Romantic hill towns and castles, meandering river valleys, and oceans of vineyards carpet this country's landscape.

France remains at the forefront of technology, architecture, fashion, and cuisine. A fascinating blend of natural and man-made beauty, France offers châteaux, never-ending coastlines, medieval cathedrals, Europe's highest mountain ranges, and museums showcasing cultural icons of the Western world.

ACCOMMODATION

Paris 2024 is tasked with organising and holding the Paris Games and this responsibility includes procuring and allocating accommodation solutions on behalf of the Accredited Games Community. This community includes all those designated by the International Olympic Committee and International Paralympic Committee, in particular members of the IOC and/or IPC, and their invitees, members of the French National Olympic and Sports Committee, French Paralympic and Sports Committee, National Olympic and Paralympic Committees, National and International Sports Federations.

Accordingly, Paris 2024 has booked a contingent of accommodation units with hotels and other establishments offering accommodation at a guaranteed price during the Period of the Games. In order to meet the needs of all stakeholder groups, Paris 2024 has secured more than 54,300 rooms in France, including more than 44,800 in Paris, in strategic locations for the Games.

All the specific information is presented in the Accommodation Guide, shared in December 2021. For IFs specific allocations, please refer to the demands made through the Accommodation Management System (AMS).

Concerning the contractual conditions and obligations linked to Accommodation, all is specified in the Accommodation Allocation Agreement (AAA), sent in 2023.

ACCREDITATION

OLYMPIC IDENTITY AND ACCREDITATION CARD (OIAC)

The Olympic Identity and Accreditation Card (OIAC) is the official Paris 2024 Olympic Games document that establishes the identity of its holder and their entitlements. In addition, the OIAC will provide accredited individuals with access to Olympic venues and other services during the Paris 2024 Olympic Games, according to their role.

To ensure the safety and security of all Games participants, they must pass a background check in order to receive an OIAC. The background check will be carried out by the relevant French Government agencies.

→ PRE-VALID CARD VALIDATION

Before validation, the OIAC is referred to as a Pre-Valid Card (PVC). The Paris 2024 Accreditation team will produce Pre-Valid Cards (PVCs) for all IF staff and international technical officials. Accredited delegates will be able to validate their PVC in accordance with the dates for each sport.

Individuals arriving in France on international flights at Charles-de-Gaulle and Orly airports will be able to validate their PVCs at the airport from 15 July 2024. Individuals arriving via other ports of entry will have to go to the appropriate accreditation centre to finalise the procedure for validating their accreditation. Each participant will need to visit an accreditation facility in person to finalise the validation procedure. Individuals will need to bring their PVC and the valid ID provided to Paris 2024 during the accreditation application process.

Unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay

visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process. The final visa will be printed on the PVC and not on the participant's passport.

ACCREDITATION CATEGORIES AND PRIVILEGES

All Games participants are provided with access to only the venues and zones that are required for them to complete the duties associated with their roles. The table below outlines the level of access granted to IF population.

[1] The code is represented by the three-letter acronym of the venue in question, or by ALL for access to all sites.

→ CONDITIONS OF PARTICIPATION (COP)

As required by the IOC and in accordance with Rule 40 of the Olympic Charter, IF delegates and J category population (technical officials, judges, and jury members) must complete and sign a Conditions of Participation including the Parental/ Legal Guardian Acknowledgement of Consent for Minors form (if applicable), acknowledging their compliance with the IOC and International Federation rules regarding Games participation and the World Anti-Doping Code. Each individual applicant must provide their original signature on a hard copy of the Conditions of Participation form. The form will be available in English and French. Each IF is required to return signed COP prior to arrivals. Paris 2024 will not be able to validate your PVC if the signed COP is not submitted before the Games.

→ UNIFORM COLLECTION AT THE UAC

All IF delegates and technical officials should visit the Uniform and Accreditation Centre (UAC) to collect their uniforms or from the accreditation centres in co-host cities.

French Technical Officials will have the possibility to collect their accreditation and uniform in advance at the UAC or in one of the co-host or football cities. For the rest of the technical officials, an UAC visit will be organised for each group of technical officials according to their programme of activities before the first day of competition. Those who either are unable to complete the validation process at the airport or do not receive their PVCs in advance of the Games will be able to collect their OIAC at the UAC prior to collecting the uniform.

All Technical Officials must go to the UAC, except those officiating in co-host cities, and those who have been identified and contacted for a pick-up in co-host cities prior to their arrival in Paris.

→ ENTRY INTO FRANCE

In line with the Host City Contract, and in agreement with the IOC, PVCs facilitate entry into France. However, unlike previous editions of the Olympic Games, the OIAC/PVC does not act as a visa waiver. For accredited participants who need a short-stay visa to enter the Schengen Area, Paris 2024 submits a visa request as part of the accreditation process.

These requests will be processed centrally in France by the Games Consulate, which is operational since January 2024, and only issues multiple-entry short-stay visas (maximum of 90 days within 180 consecutive days) valid from 26 June 2024 to 11 September 2024. All previous visits to the Schengen Area (including previous short-stay visas) within the last 180 days will count towards the maximum of 90 days.

Any participant requiring a long-stay visa or a short-stay visa outside of these dates will have to follow the standard visa process available from the French authorities. The short-stay requirement also applies to visa exempt participants (non- EU/ Schengen nationals).

Once the short-stay Schengen visa request process has been successfully completed, the visa number will be printed on the participant's PVC, which, together with a valid passport (same document used during the accreditation process), will serve as an entry document to France for the purpose of participating in the Paris 2024 Olympic Games.

If the participant does not need a visa, they do not need a visa number printed on their PVC.

→ LOST, STOLEN, DAMAGED ACCREDITATION CARDS

Lost and stolen accreditation cards should be reported immediately to the nearest accreditation centre or to the Olympic Family Hotel (OFH) or to the Venue Accreditation Help Office (VAHO). Participants will be required to complete a Lost/Stolen Accreditation Card form and present an acceptable form of identification.

Accreditation cards which are damaged in such a way that the photograph and/or the personal information is not legible or that the access control system is not able to read the card, should also be returned for replacement at any accreditation facility that provides accreditation card printing.

Please note that PVCs or OIACs cannot be reissued after the end of the operational period of Paris 2024 accreditation facilities.

ARRIVALS AND DEPARTURES

Paris 2024 will use several airports and train stations to welcome IF population to the Olympic Games. The period of full arrival and departure operations will be effective 11 days before the Opening Ceremony and will end three days after the Closing Ceremony; 15 July - 14 August 2024.

The types of Port of Entry (POE) mentioned below are used by Paris 2024 to serve the official accommodation of the 2024 Olympic Games.

PRIMARY PORTS OF ENTRY (PPOE).

Paris-Charles de Gaulle (CDG) and Paris-Orly (ORY) international airports will be the Primary Ports of Entry (PPOE) - Olympic Gateway - and will offer full arrival and departure services from 15 July - 14 August 2024. Services will be available in all terminals at the PPOE.

SECONDARY PORTS OF ENTRY (SPOE)

Secondary Ports of Entry (SPOE) will have limited services according to the information provided by IFs in the ADS

Five SPOEs will be available during the Olympic Games:

- Fa'a'a International Airport (PPT), Papeete - Tahiti
- Paris-Gare de Lyon (train station), Paris
- Gare de Marseille Saint-Charles (train station), Marseille
- Paris-Gare du Nord (train station), Paris
- Marseille Provence Airport (MRS), Marseille

In addition, 20 Arrivals & Departures Service Points (AND SPs) will be available during the Olympic Games: in co-host cities airport and train stations (see list in the Arrivals & Departures Guide). They will offer the same level of services as in SPOEs; but are activated on restricted dates depending on the competitions and information received via the ADS.

On the days of the Opening Ceremony (26 July 2024) and Closing Ceremony (11 August 2024), the Arrivals and Departures service strongly advises against arriving after 13:00. Transport services will be very limited and therefore congested. In addition, airspace will be closed from 17:30. All services will resume as normal the following day.

Validation desks will be located in secure zones of the terminals between immigration and the baggage claim area or in the baggage claim area depending on the terminals. Only PVC validation will be possible at CDG and ORY.

CEREMONIES

The Paris 2024 Opening Ceremony will take place on the river Seine, in the heart of the city, and the Closing Ceremony will be held at Stade de France, near the Olympic Village.

OPENING CEREMONY

For the first time, the Opening Ceremony will not take place in a stadium but in the heart of Paris, on the "Olympic Seine". Athletes will be the heart of the ceremony, which will start with the Athletes' Parade. Throughout the Ceremony, athletes will be featured on boats alongside performers.

The Opening Ceremony will consist of three main elements:

- Athletes' Parade: NOC delegations will travel six kilometres from east to west on the river Seine.
- Artistic show: There will be performances on river barges and bridges along the route of the Athletes' Parade.
- Protocol elements: Some protocol elements of the ceremony will take place at the Trocadéro and Iéna Bridge.

TIME

The Opening Ceremony will start at 19:30 on 26 July 2024 and will end at 23:15.

SEATING AND TICKETS

For the Opening Ceremony, the IF President, IF Secretary General and their accompanying guests, Executive Board Members, IF Delegates and IF Senior Staff will have a seat in the Trocadero's venue.

To reach their seats in Trocadero, they will have to follow this itinerary: they will have to reach the PSA in Kleber metro station and present a valid accreditation along with the elements of the Ceremony Kit. The IF will be in charge of distributing the ceremony kit to all clients, except for the IF President and Sec Gen for who the IOC will manage the distribution.

Your Sport Manager or Services will come back to you to organize your collection of the Ceremony kits.

If for any reason your IF wishes to transfer Trocadero quota, this will be possible only to accredited population. The IF will also have to ensure the transfer of the Ceremony Kit.

ITO will be seating in Quais de Seine. The person in charge of the CTP in your Federation will have to redistribute the tickets to each ITO. Tickets are not transferable.

TRANSPORT TO THE OPENING CEREMONY

Olympic Family members seated on Trocadero will receive information regarding the journey from the Kleber Station to the Trocadero one and the list of metro station closures on the 26th of July to help them to build their journey planner. For any assistance, please refer to your SPT counterpart.

In addition, the following paragraph is mentioned in the DSLA: “EB members will come to Kléber by public transport to join the operations with the Olympic Family.

Metro Kléber will be secured by Paris 2024 for the accredited guests, mainly the Olympic Family. Metro Kléber, Line 6 of the Parisian metro, is located on Avenue Kléber. Once they arrive at Kléber, the EB members will get on the metro directly to Trocadéro (2 metro stations ahead). The metro will not stop in between the two stations. The metro will only operate for the accredited guests before and after the ceremony.

We recommend getting there before H-3 because of the spectator flow all over Paris. The best way to get to Kléber is by arriving to the stop station Charles de Gaulle - Etoile with the metro lines 1, 2 and RER A. Once arrived at Kléber by walk, they will join the operations with the privatized metro.

They will use the metro to get to Trocadero, to the ceremony. Once the ceremony is over, the operations will run until all the accredited guests have arrived at Kléber.”

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

→ CLOSING CEREMONY

The Closing Ceremony will take place at Stade de France, the nation’s largest stadium.

The ceremony will start at 21:00 and finish at 23:15. Note that timings are subject to change.

SEATING AND TICKETS

The IF President, IF Secretary General and their accompanying guests, Executive Board Members, IF Delegates and IF Senior Staff will have to present a valid accreditation along with the elements of the Ceremony Kit. The IF will be in charge of

distributing the ceremony kit to all clients, except for the IF President and Sec Gen for who the IOC will manage the distribution.

Your Sport Manager or Services will come back to you to organize your collection of the Ceremony kits.

Regarding ITO, the person in charge of the CTP in your Federation will have to redistribute the tickets to each ITO. Tickets are not transferable.

TRANSPORT TO STADE DE FRANCE

Olympic Family members will receive information regarding the journey from the OFH to Stade de France and the list of metro station closures on the 26th of July to help them to build their journey planner. For any assistance, please refer to your SPT counterpart.

Regarding ITOs, the journey planners are already available in the DSLA Finale Version.

ENVIRONMENTAL RESPONSIBILITY

Paris 2024 has been committed to proposing a different model for the Games, one that is more sober and just as spectacular, and it is mobilising all its energies to achieve this. Paris 2024 is taking action at every level to reduce its impact on the climate and the environment. By developing and testing more responsible solutions in all areas of the organisation, Paris 2024 also hopes to inspire and leave a legacy for more responsible sport.

Paris 2024 is committed to halving its carbon emissions compared with the average for previous editions of the Games (London 2012, Rio 2016).

To achieve this, Paris 2024 is taking action at every level. By relying on 95% existing or temporary infrastructure, by offering twice as much plant-based food, by using less than 50% single-use plastic in catering, by finding a second-life solution for 100% of the temporary

infrastructure and furniture on the Games sites, by connecting the venues to the public electricity grid to avoid the use of generators and by supplying the venues with 100% renewable electricity.

You can discover the rest of the commitments and actions for more responsible Games on our [website](#).

RECOMMENDATIONS

The success of more responsible Games is everyone's responsibility. At all the venues, you have the opportunity to act at your own level and help Paris 2024 achieve its objectives for Games that everyone can be proud of. That's why Paris 2024 encourages you to adopt a few eco-reflexes:

- Using reusable water bottles and water fountains at the Olympic Village to reduce plastic waste.
- Using the waste sorting system to reduce the volume of waste that is sent to landfill sites.
- Promoting responsible food options and reducing food waste.
- Ensuring the responsible management of water and energy resources.
- Preserving sites and biodiversity, and respecting equipment to encourage their second life.

USE YOUR REUSABLE BOTTLE AND THE WATER FOUNTAINS

AVOID FOOD WASTE AND SORT YOUR WASTE

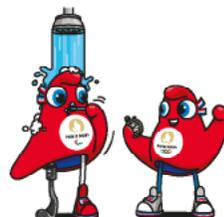

RESPECT THE VENUES AND BIODIVERSITY

EAT MORE RESPONSIBLY

TRAVEL WITH A LOW CARBON FOOTPRINT

SAVE WATER AND ENERGY RESOURCES

FOOD AND BEVERAGE

Considering previous studies conducted by Paris 2024, the quality of the officials' experience results from a food and beverage offer that meets the dietary needs an individual. As a result, food and beverage services will be sustainable according to the Food Vision developed by Paris 2024 in collaboration with the Sport Managers' insight.

At competition venues, Paris 2024 will provide food and beverages services for TOs in the Technical Officials' Lounges and Venue Dining.

- In the Technical Official's Lounge: A refreshment station will be set up in the Technical Officials' lounge of each venue during the Olympic and Paralympic Games, including during the familiarisation phase prior to the start of the competition. The service will include snacks such as cereal bars and fruits, as well as Coca Cola products and hot drinks. Cold drinks will be provided in glass bottles to comply with French AGEC Law.
- In the Venue Dining: If Technical Officials spend more than four (4) hours on the competition venue, they can order and pay for one (1) of the two (2) meal options available at each Venue Dining:
 - Technical Official Venue Meal (TOVM): packed cold lunch box.
 - Enhanced Technical Official Venue Meal (ETOVM): buffet service with hot and cold options.

Meal services can be provided after completing the purchase by credit card (Visa only) or cash directly at the Venue Dining using the Per Diem allowance of each Technical Official. Vouchers can be purchased near the entrance of the Venue Dining. A counter and cash desk will be set up in all Venue Dining areas before the queuing area. Technical Officials will be given a paper voucher as soon as they have paid. Technical Officials will receive a per diem (see Per diem section below) that is aimed at being used to pay for meal vouchers.

Please note the opening hours of the Venue Dining: 11:00 to 15:00 / 17:00 to 21:00. These opening hours are generic and are in certain cases adjusted according to the competition schedule. The two (2) options can be eaten at the Venue Dining.

HOSPITALITY

As part of this unprecedented celebration and driven by a desire to be innovative, it is fitting that Paris 2024 will also be the first Olympic and Paralympic Games to implement the New Hospitality Model and offer a revolutionary approach that provides fans from all over the world with a first-of-its-kind, unparalleled hospitality experience.

One of the driving forces behind Paris 2024 adapting this new model is to re-invent and elevate the hospitality designed for and delivered to those that are the heart and soul of the Olympic and Paralympic Games – our Games Stakeholders.

IF have access to three types of Hospitality lounges in venues:

- Olympic Family Lounge
- Upgraded IF Lounge
- Private IF Lounge

INSURANCE

Coverage for ITOs and NTOs during the Olympic Games is as follows;

DISABILITY AND DEATH COVER APPLICABLE TO ALL

Assistance and invalidity/death cover are identical for both categories (ITOs/NTOs).

In the event of death or disability occurring in France during the period of mobilisation of technical officials for the Olympic and Paralympic Games, the sum insured is 80,000 euros.

In the event of recognised disability, and after stabilisation, the victim will receive 80,000 euros in the event of disability of more than 60%. In the event of lesser disability, the victim will receive 80,000 euros multiplied by the percentage of disability. For example, if the victim is 50% disabled, he or she will receive €40,000.

MEDICAL EXPENSES REPATRIATION ASSISTANCE COVER

For other cover, a difference must be considered between those (generally French nationals or French residents) who are beneficiaries of the French social security system (A), and those who are not (B).

→ A. BENEFICIARIES OF THE FRENCH SOCIAL SECURITY SYSTEM

URSSAF rules will apply:

- Use of the “carte Vitale”
- Complementary reimbursement by the mutual insurance company
- Any remaining expenses will be covered by the specific guarantee set up by Paris 2024. In order to benefit from this cover, ITOs and NTOs can write directly to assurances@paris2024.org. The Paris 2024 insurance team will put them in direct contact with the relevant insurer.

→ B. FOREIGN BENEFICIARIES NOT COVERED BY URSSAF

- The claim must be reported to the Paris 2024 insurance team as soon as possible at assurances@paris2024.org. This point is fundamental to confront the insurer with the problem and thus avoid any hassle for the victim.
- Except in exceptional cases, or where the insurance contract excludes coverage, the aim is to avoid any payment on the part of the victim, as the expenses will be covered directly by the insurer.
- The amount of medical expenses covered will not exceed 150,000 euros.

→ C. REPATRIATION

- Whatever the victim’s origin or nationality, repatriation is covered at 100% by the insurer contacted by Paris 2024. The final decision to repatriate, as well as the conditions of repatriation, can only be decided by the insurer/assister accompanied by our medical team.

MEDICAL SERVICES

Public health services, including disease surveillance, communicable disease control, food and water quality control and air quality monitoring will be in place throughout France during the Games.

MEDICAL SERVICES AT VENUES

→ ATHLETE MEDICAL SERVICES AT COMPETITION VENUES

At least one dedicated athlete medical station will be available at all competition venues. Each medical station will provide medical such as first aid, emergency care, sports medicine to athletes and team officials.

At most venues there will be an ambulance on site for the evacuation of athletes if needed. If not directly on site, ambulances will be available nearby.

→ TECHNICAL OFFICIALS SERVICES AT COMPETITION VENUES

Medical services to technical officials at competition venues will be provided by the spectators medical services.

→ FIELD-OF-PLAY RESPONSE

Field-of-Play (FOP) teams will provide first aid and emergency care to athletes and team officials on the FOP should such services be required. If necessary, the patient will be taken from the FOP and transported to the athlete medical station, Olympic Village Polyclinic, or a designated Games hospital as appropriate. The order of response on the FOP and any decision-making will differ according to the sport and the rules of the respective IF.

DESIGNATED GAMES HOSPITALS

If the necessary medical services cannot be provided at the venue medical station, IF population will be transferred to designated Games hospitals in Paris or the co-host city.

Any patient suffering from a life-threatening condition at any of the venue zones will be taken to the nearest hospital.

The following public hospitals have been designated as the official hospital for IF population during the Paris 2024 Olympic Games:

CITY	HOSPITAL*
Paris and greater Paris	Hôpital européen George Pompidou 20 rue Leblanc, 75015 Paris
Châteauroux	Centre hospitalier de Châteauroux 216 avenue de Verdun, 36000 Châteauroux
Lille	CHRU Jeanne de Flandre Avenue Eugène Avinée, 59000 Lille (to be confirmed)
Marseille	AP-HM hôpital de la Timone 264 rue Saint-Pierre, 13385 Marseille
Tahiti	Centre hospitalier de Polynésie française Avenue du Général de Gaulle, 98713 Papeete

PER DIEMS

All Technical Officials participating in the Paris 2024 Olympic and Paralympic Games will receive a per-diem to cover daily expenses and additional costs (transport between home and the station/airport, meals on and off the competition site, laundry, etc.). To do so, Paris 2024 sends a global Per Diem Grant to each International Federation, who has to transfer the corresponding amount to each IF Delegates and International Technical Officials. For National technical Officials, Paris 2024 sends directly the corresponding amount to the Technical Official. The exact amount of the Per Diem depends on the official operational dates that have been communicated by Paris 2024, or by the International Federation.

Per Diem payment will be made as follows:

- Technical Delegate and International Technical Officials: payment of the Per Diem by the International Federation.
- National Technical Officials: payment of the Per Diem by Paris 2024 ahead of the event.

RATE CARD

The Rate Card programme is a service provided by Paris 2024 to IFs. The Rate Card team will provide a complete end-to-end service to customers: ordering, invoicing, payment, procurement, delivery and installation.

Paris 2024 has created a Rate Card Ordering Platform to facilitate the ordering process. Rate Card orders placed prior to the Games-time ordering period can only be placed through this platform.

A Rate Card catalogue has been shared with all IFs, covering all the products and services available for IFs. Three main categories of items are available through the catalogue:

- Technology services
- Furniture fixtures and equipment
- Transport (vehicles & VAPPs)

Non-Standard Requests cover products, services and locations requested by Rate Card Customer which are not fully covered in the published catalogue items.

SECURITY

In accordance with its letter of guarantee and the IOC's Host City Contract, the French State is responsible for the safety and security of the Paris 2024 Olympic Games.

The government will coordinate all security matters as well as emergency services, whilst Paris 2024 is responsible for the design, implementation, and execution of security measures at Paris 2024 competition and non-competition venues.

Paris 2024 has partnered with national security agencies to integrate the most effective security arrangements within venues and other official sites.

SECURITY AT VENUES

→ VENUE INSPECTION AND LOCKDOWN

All competition and some non-competition venues (such as hotels) will undergo a security inspection by specialist government departments and a lockdown period prior to the Games.

During the lockdown period, all security and safety procedures will be implemented, and access controls will be activated with the support of technology measures. However, please note that French legislation does not allow facial recognition. During this period, no person, vehicle, or equipment may enter the venues without accreditation (or other appropriate access devices) and without passing the appropriate security checks.

After the accreditation check, people wishing to access venues will be subject to a personal and property inspection. Personal and baggage inspections for people whose age, mobility or medical reasons do not allow them to undergo the generic procedure are subject to an adapted procedure that takes better account of their specific needs.

- **Laser pointers to be used in meetings**
- **Medical equipment for the treatment of athletes.**

At the F-DRM, the Chefs de Mission will receive stickers to be applied on tools of trade that have been registered in advance via Paris 2024 NOC services. The Chef de Mission will be responsible to distribute the stickers to all the delegation.

Please note that for security reasons, the use of drones is strictly forbidden at all competition and non-competition venues of the Olympic Games

EMERGENCY SERVICES

→ EMERGENCY NUMBERS OUTSIDE PARIS 2024 VENUES:

- European emergency number: 112
- Emergency Medical Services (SAMU): 15
- Police: 17
- Fire brigade: 18

Paris 2024 recommends that IF representatives do not programme emergency service numbers into mobile phones as speed dial functions can lead to accidental calls to the emergency services.

TICKETING AND ACCREDITED SEATING

GAMES-TIME TICKET SALES

At Games time, available tickets may only be purchased through the [CTP](#).

→ TICKET TOUTING

Tickets for the Paris 2024 Olympic Games are only on sale on the official ticketing website for future spectators from all over the world. No other sales platform is authorised to sell tickets. By buying tickets or hospitality packages outside official channels, the buyer runs the risk that tickets or packages are not delivered to them, or that access to the sports venues will be denied to them by the Paris 2024 Organising Committee in accordance with the ticketing general terms and conditions. In addition, all buyers and/or sellers are informed that the unauthorised sale or resale of tickets outside of the official channels, constitutes an offense under French law, in particular, an offense sanctionable under article 313-6-2 of the French criminal code.

TRANSPORT

Paris 2024 aims to provide a safe, reliable and efficient system of transport, within the Host Country, free of charge, for technical officials, Olympic Family members and International Federation staff.

The transport services will consist of:

- Transport for Federations (TF)
- Public Transport (TP)
- Transport Connect (TC)
- On-Demand Transport Service (TX)

The TF Transport service will be provided from each official IF hotel as a base connecting to the competition venues, UAC, technical meetings.

Public Transport (TP)	Free access to public transport in Paris Region Area.	Subway / bus / regional express line	TP Public transport system

TF TRANSPORT

A summary of transport at the Games follows.

Please note that full details of transport services at the Games, including timetables, may be found in the DSLA communicated to IFs.

Paris 2024 is responsible for providing transport services to properly accredited technical officials and IF staff during the period of the Olympic Games.

These transport services are collectively known as the TF service.

The TF service will be available for all accredited technical officials, judges, jury members, IF staff, and IF media staff.

→ SERVICES BETWEEN HOTELS AND COMPETITION VENUES

A dedicated TF service will operate between technical officials' hotels and each competition venue during the competition period for each sport, in accordance with the competition schedule. In general, TF services will start service two hours before competition and finish one hour after competition.

Where technical officials are required to attend meetings, briefings, venue familiarisations or other events before the start of competition, either at the competition venue or at another venue, TF services will be provided from and to the technical officials' hotels in accordance with the officials' requirements. However, in cases where the number of passengers is small, the principle is that the passengers should travel in the vehicles allocated to IF.

INTERCITY TRAVEL

Transport will be provided for technical officials between Paris and co-host cities. Details will be communicated to technical officials on arrival.

PUBLIC TRANSPORT

All accredited stakeholders will be entitled to free-of-charge access to public transport (TP) services within the Greater Paris area and in co-host cities, from 15 July to 14 August 2024.

→ GREATER PARIS AREA

A physical transport card (Navigo) will be provided during the accreditation validation process for each Games stakeholder with TP privileges. At the end of the stay, stakeholders must leave the pass in a dedicated collection box at Transport Desks and Port of Entries.

In the Greater Paris area, most official venues can be reached by TP

Approximate TP hours of operation are as follows:

- Buses from 05:45 – 00:45
- Metro from 05:30 – 01:15 (until 2:15 on Fridays and Saturdays)
- RER from 04:30 – 01:15
- Trams from 05:10 – 01:00

These hours are for information only. Full details will be available on the Paris 2024 Transport Accred app.

→ CO-HOST CITIES

In the co-host cities, most competition venues can be reached by public transport (except Tahiti). Bordeaux, Châteauroux, Lille, Lyon, Marseille, Nantes, Nice, and Saint-Etienne all have public transport systems that can be used free-of-charge by accredited stakeholders. Where applicable, access means will be distributed at the relevant co-host city.

Public transport in Châteauroux will be free of charge for both the general public and accredited stakeholders, therefore no access means will be distributed.

TRANSPORT CONNECT (TC)

The Transport Connect service (TC) is dedicated to accredited stakeholders and its aim is to complement public transport services. TC services will include regular shuttle and bus routes that connect transport hubs and public transit stations with venues, making it easier to reach venues than with public transport alone. The TP network will use various forms of transport (metro, bus, tram, RER trains) as well as TC lines. In some cases, TC lines could be replaced by TP if the journey is more direct and efficient.

TC will be operational from 15 July to 14 August 2024. Activations will start 4 hours before competition sessions and end 4 hours after competition sessions. On non-competition days TC will be activated from 8:00 to 20:00.

A TC night loop called Noctilien has also been created to complement regular TP offer during nighttime. It will run between 26 July and 12 August 2024 with a peak frequency of 10 minutes.

TC will be activated in the Greater Paris area, Lyon area, Lyon, Marseille, Lille, Chateauroux, Nantes, Nice, Bordeaux, Saint-Etienne and Tahiti.

The TC system is also available for all spectating athletes to reach competition venues. Spectating athletes can use the Paris 2024 Transport Accred app to plan their route.

Please note that TC drop-off and pick-up zones are located outside venue security perimeters.

TRANSPORT APP

Paris 2024 will launch a dedicated Games-time Transport app for all accredited stakeholders. This will be different to the Île-de-France Mobilités (IDFM) transport app for public transport.

The main functionalities will include:

- Journey planner to calculate the best itineraries according to user preferences.
- Multimodal app suggesting itineraries that use both public transport services (TP) and Paris 2024 transport services (each accredited stakeholder will only see the Paris 2024 transport services that they are entitled to).
- Real-time travel information (travel time updates, next departures, and alerts).
- Booking functionalities for TX services (available according to user privileges).

The app will be available to download from the Android Play Store and Apple App Store, and will be available in French, English, Spanish.

UNIFORMS

Paris 2024 and Le Coq Sportif, our official partner, have developed a uniform, consisting of a mix of casual and semi-formal items, which combines comfort, aesthetics and functionality, while respecting their joint commitment for sustainability.

The uniform has a unisex design, is adapted to different body types and made in breathable and resistant materials.

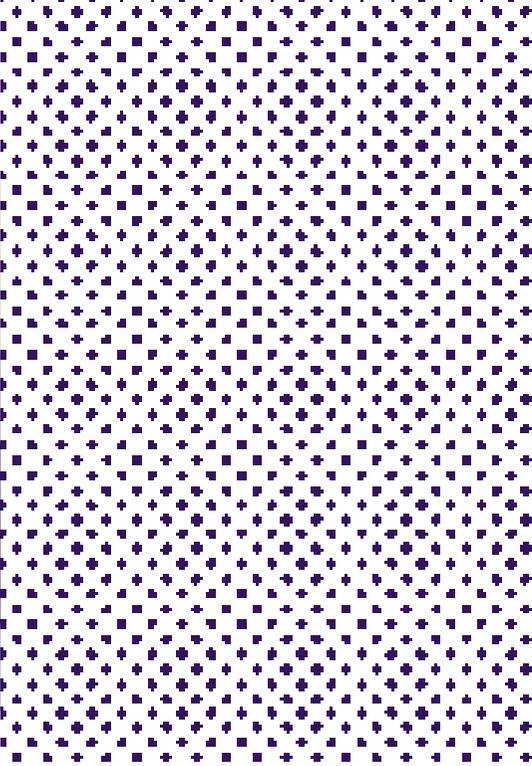

All technical officials will be provided with a uniform kit, containing the following items:

ITEM	QUANTITY
Polos	3
Pairs of casual trousers which can become shorts	2
Long-sleeved shirts	2
Rain-proof jacket	1
Smart jacket	1
Pair of smart trousers	1
Pairs of socks	4
Pair of sports shoes	1
Backpack	1
1 Small bag	1
1 Panama hat	1
1 Carrier bag containing the entire provision	1

UAC – ALTERATION SERVICE

Officials will be invited – through dedicated slots – to collect their uniform from the Uniform and Accreditation Centre (UAC) at Porte de Versailles in the 15th arrondissement of Paris. They will be able to try on the items and have alterations made to suit their body shape.

Officials of sports held in co-host cities will be able to collect their uniforms directly from the competition venue, and an alteration service will also be made available.
