STRUCTURE

A Technical Handbook is the go-to ‘instruction manual’ for athletes, team officials and other competition-facing delegation staff attending the Rhine-Ruhr 2025 FISU World University Games. Following a uniform structure, the Organising Committee has produced one handbook for each of the 18 sports on the programme.

In the first of its three sections, a Technical Handbook provides a general introduction to the FISU Games and the staging concept for 2025, and information likely to be of use to visitors to the Rhine-Ruhr region or Berlin. In the second section, services information specific to delegations in that sport is considered, such as accreditation, transport, accommodation and catering, and the information and medical services. In the final section, the handbook details the technicalities for participating in the sport: key dates, technical meetings, details on the competition and training venues and schedules, technical regulations including the competition format and rules, and competition procedures.

Each handbook includes external links to more detailed content where necessary, and is designed as a practical, easy-to-navigate guide which can be downloaded and referred to throughout a delegation’s preparation for, and participation at, the Rhine-Ruhr 2025 FISU Games. The different Icons are designed to support a better and faster overview of each topic. Please find below a detailed list of the icons and their meaning.

GENERAL INFORMATION

1.1 THE FISU GAMES

1.1.1 INTERNATIONAL UNIVERSITY SPORTS FEDERATION (FISU)

The International University Sports Federation (in French: Fédération Internationale du Sport Universitaire) is the body responsible for the organisation and governance of international competitions for athletes, including the FISU World University Games. FISU is based in Lausanne, Switzerland, and is governed by President Leonz Eder.

1.1.2 FISU WORLD UNIVERSITY GAMES

Debuting as the World University Games in 1923 in Paris, France, the precursor event was held in Europe every two years until 1939. The event was revived in 1947 – two years before the founding of FISU - and returned as the ‘Universiade’ in Turin, Italy, in 1959. As part of the relaunch, the ‘U’ shape of the FISU flag and the song ‘Gaudeamus Igitur’, which is played at the Medal Ceremonies instead of the national anthem, were introduced. Since then, the multi-sport event has been held every two years (in odd-numbered years), with both summer and winter editions. The most important competition in international university sport, the Universiade became known as the ‘FISU World University Games’ in 2020.

1.1.3 ELIGIBILITY

The FISU Games are open to students who have been nominated by their national university sports federations and are aged between 18 and 25 on 31 December of the year of the event (for the Rhine-Ruhr 2025 FISU Games, athletes must have been born between 1 January 2000 and 31 December 2007). Participants include both up-and-coming and established athletes, of whom many already have world championship and Olympic Games appearances – and medals – to their name.

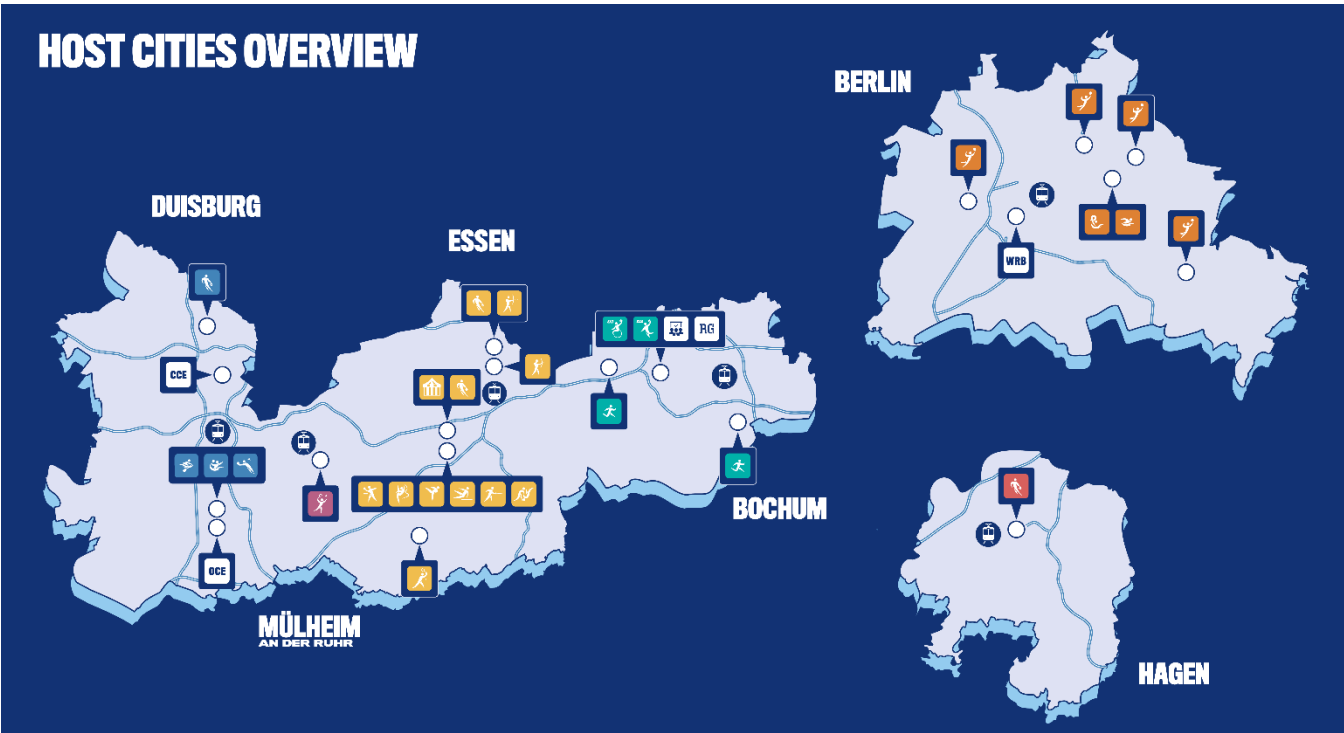

1.1.4 SPORTS

The summer edition of the FISU World University Games comprises 15 compulsory sports: archery, artistic gymnastics, athletics, badminton, basketball, diving, fencing, judo, rhythmic gymnastics, swimming, taekwondo, tennis, table tennis, volleyball, and water polo. For the Rhine-Ruhr 2025 FISU World University Games, the optional sports of 3x3 basketball, 3x3 wheelchair basketball, beach volleyball and rowing complete the programme.

1.2 THE RHINE-RUHR 2025 FISU WORLD UNIVERSITY GAMES

1.2.1 GENERAL CONCEPT

From 16 to 27 July 2025, the Rhine-Ruhr region plus Berlin will be the stage for one of the greatest sporting shows on Earth, as around 8,500 athletes and officials from up to 150 countries come together for the Rhine-Ruhr 2025 FISU World University Games. With medals to be won in 18 sports, the action will be shared among the cities of Bochum, Duisburg, Essen, Mülheim an der Ruhr and Hagen in North Rhine-Westphalia, plus Berlin.

Beyond the 23 competition venues, there will be plenty more to see and experience. Because this will be a sporting spectacular with a festival vibe, reaching out to a diverse audience through an extensive - and mostly free - programme of artistic, cultural, and educational opportunities. ‘Alle Spielen Mit’ is the slogan (‘Everyone is all-in’), and for 12 glorious days in the summer of 2025, there really will be something for everyone to enjoy.

1.2.4 THE ‘FISU GAMES NEIGHBOURHOOD’

For the Rhine-Ruhr FISU World University Games, centralised ‘hubs’ known as FISU Games Neighbourhoods are being created to meet all the needs of athletes and delegation members.

This innovative redesign of the traditional FISU Games Village idea ensures easy access to essential services such as catering, laundry, medical needs, and comprehensive information desks. Beyond meeting practical needs, the FISU Games Neighbourhood is designed to foster a sense of community and connection. It provides a welcoming space for social interaction, where participants from different nations and sports can come together, share experiences, and form lasting friendships. The largest FISU Games Neighbourhood will be located at Messe Essen, serving as the primary centre for catering, laundry, information desks, and other key services for athletes competing in Essen. To make it as convenient as possible for all athletes, these services are also offered on a smaller scale in the other host cities for the athletes competing there. Please note that it will not be possible for athletes to visit an alternative FISU Games Neighbourhood in addition to the one where they and their sport is centred.

1.3 THE RHINE-RUHR REGION

1.3.1 NRW: ‘SPORTLAND NUMMER 1’

The No.1 state for sport in Germany? With approximately 18,000 professional and local sports clubs with five million active participants, it would be hard to argue against North Rhine-Westphalia. The state hosts more Bundesliga football teams than anywhere else, the world-leading CHIO equestrian centre in Aachen, the annual ‘Final Four’ in handball, biathlon in Schalke, rowing in Duisburg and hockey in Mönchengladbach. But the Sportland.NRW initiative focuses on so much more than high-performance sport. Community sports for everyone, club and school sports, and inclusive sports for people with impairments or social disadvantages: in North-Rhine Westphalia, nobody is left on the sidelines.

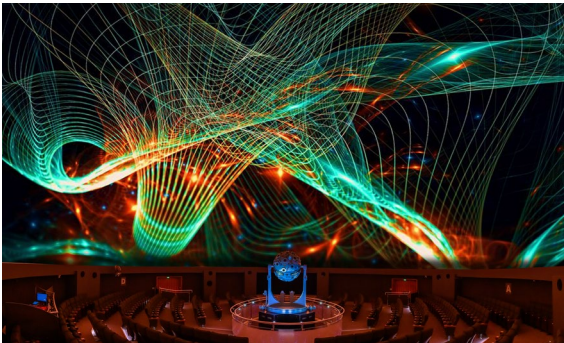

Slogan translation:

As the number 1 sports state, we are looking forward to top-class student sports in the Rhine-Ruhr metropolitan region

1.4 CLIMATE INFORMATION - RHINE-RUHR REGION

The climate of the Rhine-Ruhr region of North Rhine-Westphalia is sub-oceanic. Winters are cold but not freezing, while summers are mild or pleasantly warm. The Atlantic Ocean influences the climate, bringing clouds and rain for much of the year, and cold, unstable air from the North Sea. However, there can also be mild periods in winter, and warm to hot periods from late April to early October, because of air masses coming from the subtropical latitudes of the ocean (source: www.climatestotravel.com).

July is typically the hottest month of the year, with daytime temperatures averaging 19 degrees Celsius (66f). On average, Essen receives 85mm of rainfall in July, over an average of 11 days. December and January are the wettest months, and April the driest.

1.5 GENERAL INFORMATION FOR VISITORS

1.5.1 LANGUAGES

German is the primary language of Germany, spoken as a first or foreign language by around 95% of the population. English is widely spoken, by around one-third (32%) of the population as a first or foreign language, followed by French (9%), Russian (8%) and Turkish (3%) (source: www.languageknowledge.eu/).

1.5.2 TIME ZONE

The time zone in Germany is Central European Time (UTC+01:00) and Central European Summer Time (UTC+02:00). Daylight saving time is observed from the last Sunday in March (02:00 CET) to the last Sunday in October (03:00 CEST).

All times mentioned in this handbook are Central European Summer Time (CEST), unless stated.

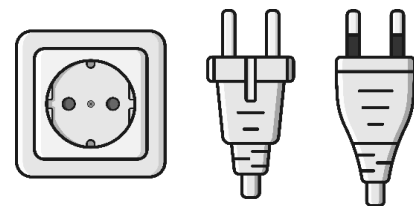

1.5.3 CURRENCY

The currency in Germany is the euro. Each euro is divided into 100 cents. When buying currency for Germany, look out for the currency code EUR.

Please note that Germany is not yet a cashless society; while all large retailers accept all major credit and debit cards, many smaller and independent shops, cafes, restaurants and bars prefer cash and will often not accept card payments.

1.5.4 ELECTRICITY

In Germany, the standard voltage is 230 V at a frequency of 50 Hz. Power plugs and sockets of type F are used. The type F plugs (also called Schuko plugs) have two round pins and are also used in the Netherlands, Austria, Sweden, Norway, Finland, Portugal, Spain, Türkiye, and Eastern Europe.

1.5.5 WATER

Tap water is drinkable in all areas of Germany. If wishing to request this in bars, cafes or restaurants, the German term “Leitungswasser” can be used (note, the establishment is not obligated to provide tap water free of charge).

1.5.6 SAFETY AND SECURITY

Overview: Germany is statistically one of the safest countries in the EU. Violent crime is rare, but theft and other petty crimes can occur, particular in the larger cities. Sensible caution should be exercised in busy areas and around main transport hubs, where bag snatching and pickpocketing can occur. Visitors should secure their belongings, including wallets, passports and other travel documents, at all times, and be vigilant when using ATMs to withdraw cash.

Travel Advice: the governments of countries including [Australia](#), [Canada](#), [New Zealand](#), [UK](#) and [USA](#) regularly update their advice to citizens planning to visit Germany (and other countries of the world).

Consular assistance: click [here](#) for a list of diplomatic missions in Germany.

Special security measures in place for the Rhine-Ruhr 2025 FISU World University Games will focus on the hotels and venues, as well as the Opening Ceremony and Closing Ceremony. Security concepts and security measures are based on a risk assessment carried out in advance and have been finalised in close consultation with the relevant authorities of the Federal Republic of Germany and the state of North Rhine-Westphalia.

Access and entry controls will be in place at all event locations. Sufficient **security personnel** will be deployed and **video surveillance** systems are also used, which are monitored 24/7 from the SOC. Reception and lobby areas at the hotels are usually staffed 24/7, and video surveillance is also usually standard.

Security Operation Centre (SOC): All security-relevant information is processed via the SOC. The SOC forms part of the Main Operation Centre (MOC) in Essen and is staffed around the clock by several people to analyse incoming reports and take appropriate action. The SOC is closely networked with the relevant authorities.

1.5.7 EMERGENCY NUMBERS

There are two **emergency numbers** in Germany:

- 112 for the fire brigade / ambulance
- 110 for the police

SERVICE INFORMATION

FISU
WORLD
UNIVERSITY
GAMES
SUMMER

2.1 ACCREDITATION

2.1.1 ACCREDITATION CARDS

All delegation members attending the Rhine-Ruhr 2025 FISU World University Games will be issued with an **Accreditation Card**, which must be worn across all venues and at all times when accessing services such as transport or catering. The card must be clearly visible to security personnel and be presented upon request to OC staff and volunteers. The Accreditation Card is personal and non-transferable. If an accredited participant does not comply with these rules, their accreditation may be withdrawn.

2.1.2 ACCREDITATION PROCEDURES ON ARRIVAL

For delegations with members based in only the **Rhine-Ruhr area**, or in the **Rhine-Ruhr area and Berlin**, the full arrival procedure for all members -including those based in Berlin- must be carried out in the Main Accreditation Centre within the Welcome Centre at Düsseldorf Airport. The Accreditation Cards of delegation members staying in Berlin can then be collected by the HoD (or their representative) in Berlin from the Satellite Accreditation Centre located at Hotel Vienna House Andel's. Accreditation cards can only be picked up for Delegation members arriving within the next 24 hours (or the next calendar day, if more than 24 hours).

The CIC process and approval must be completed by the HoD within 24 hours of the members receiving their card at the Welcome Centre in Düsseldorf. The CIC sticker is an approval sticker from the FISU International Control Committee that gives the delegation member full access to the training and competition venues. In the respective location the HoD (or their representative) presents the delegation member's passport for CIC validation. The hologram sticker is attached (and therefore activated) to each verified Accreditation Card and gives the access required to compete and/or access the field of play in/at the FISU World University Games.

2.1.3 ACCESS RIGHTS

The sports code (icon of the different sports) will grant access to the sports venue for athletes and sport officials. For other delegation members the access is depending on their function/role at the Games.

The card will also feature the **access zones** inside each competition venue, which are denoted by a series of six numbers, as follows:

- 1: Competition Area (Blue)
- 2: Athlete Preparation / Warm-up Area (Blue)
- 3: Operational Area (Red)
- 4: Media (Green)
- 5: Broadcast (Green)
- 6: FISU Family (Purple)

Access control to competition and certain non-competition venues will be controlled by Accreditation Card scanning. To enter specific zones within the venues, access will be controlled by visual check of the Accreditation Card.

2.2 TRANSPORT

2.2.1 ARRIVALS AND DEPARTURE

The Organising Committee (OC) will provide arrival and departure services for delegations. All accredited members of delegations, as well as their accompanying baggage and sport equipment, will be transported to/from the designated official port of entry Airport Düsseldorf to/from their official accommodation sites or other appropriate destinations, depending on the delivery model. Arrival and departure services will not be provided at train stations (except Airport Düsseldorf Train Station). No additional transfer for bulky sports equipment will be provided, instead bulky sports equipment must be taken on the bus shuttle. Pick-Up times for departure will be shared at the reception of the respective hotel.

To ensure functioning procedures, all participants are responsible for including arrival and departure information in the Arrival & Departure Form, including registering bulky sports equipment. Detailed information on arrival and departure service can be found in the final version of the [HoD Manual](#).

2.2.2 SHUTTLE SERVICE

The OC provides transportation services for delegations, as well as their baggage and sports equipment. This includes bus shuttle service from the delegation hotels to the competition venue, training venue and FISU Games Neighbourhood at Messe Essen (MEE; distance max. 15 km / 40 min, see chapter 2.3), at an expected frequency of once every 30 minutes. A detailed **transportation schedule** adapted to competition times will be shared at respective load zones and can be found at the following link: [Transportation Portal](#).

2.2.3 TRAVEL BETWEEN HOST CITIES

The official accreditation will guarantee free use of public transport in their respective region during the Rhine-Ruhr 2025 FISU World University Games (validity period 13 July – 28 July 2025). FISU Family Members accommodated in the Rhine-Ruhr region will have free access to public transport between the Host Cities of Bochum, Duisburg, Essen, Mülheim an der Ruhr and Hagen on where official sport and non-sport venues are located (VRR-region).

The accreditation must be worn at all times while using public transport for ticket checks by personnel.

2.2.4 DELEGATION CARS

According to the delegation size, the OC provides the delegations a certain number of delegation cars. The delegation cars are provided for transportation to and from the official port (Düsseldorf Airport) of entry, accommodation sites, the competition and training venues, and FISU World University Games official events sites, as well as any other official location within the host cities. Cars can only be used for official business during the FISU Games and cannot be used for non-official business. The delegation cars are driven by persons of the respective delegation who are in possession of a valid driving license for Germany.

If a delegation whose national driving license is not valid in Germany submitted a respective request via the “Delegation cars” HoD Questionnaire, it will get limited access to a carpool with drivers, according to its quota. The carpool operates only within official FISU Games locations and during limited service hours. The bookings are subject to the availability of cars and drivers.

2.3 ACCOMMODATION

2.3.1 OVERVIEW

The Organising Committee is working to a **decentralised hotel concept** for the Rhine-Ruhr 2025 FISU Games. Depending on the sport, the delegations will be accommodated close to the respective competition venue. Delegations within the same sport are not split up.

Accommodation will be provided in hotels with single rooms, twin rooms (two separate beds) and triple rooms (three separate beds).

2.3.2 SERVICES

The following services are available in all hotels:

- 

Accommodation
- 

Information Desk
- 

Breakfast
- 

Internet connection

2.3.3 LOCATIONS

HOTEL	ADDRESS	DISTANCE	SHUTTLE TIME
elaya oberhausen	Paul-Reusch-Straße 38 46045 Oberhausen	15 km	40 min

2.3.4 BREAKFAST

HOTEL	BREAKFAST TIMES	
	MONDAY – FRIDAY	SATURDAY – SUNDAY

2.3.5 CHECK-IN PROCEDURES

DÜSSELDORF

The check-in procedure for all delegations starts at the Welcome Centre (Main Accreditation Centre) at Düsseldorf Airport (see section 4.3.3, [HoD Manual](#)). Here, the HoD or a relevant representative will need to confirm the **accommodation allocation and rooming lists** and sign an **accommodation disclaimer**. This disclaimer includes the house rules of the hotels (for general rules see section 2.3.6, below) and states who is liable -and to what extent -in the event of damages caused to the hotel property.

TIMES

The check-in time for the hotel is from 15:00. The check-out time for the hotel will be at 12:00. For more information on the departures process, see section 2.2.1.

ROOM ACCESS

A designated delegation official will be given all the room cards/ room keys/ room codes for every member of the delegation group. The official will then distribute these according to the approved rooming list. Depending on the hotel, one responsible person or the whole group may be required to sign a rooming list. Volunteers will be at the hotels to support the check in process.

ROOM CHECK FOR DAMAGE

Upon check-in at the hotel, if the guest notices any pre-existing damages, the most senior member of Delegation will immediately list the damages in the grid on pages 6-8 of accommodation disclaimer and take pictures. This list and photos must be shared with the OC Accommodation Team by email and the hotel front desk no later than 12 hours after check-in. The hotel will check the room(s) immediately to acknowledge the damages, so that Delegation cannot be held liable for any charges.

EARLY ARRIVALS

Delegation members who arrive at their hotel before 15:00 can go to the FISU Games Neighbourhood, where the Delegation Lounge and Dining Hall are located. In the case of gymnastics artistic, this is located at Messe Essen (Halle 8).

For early morning arrivals, it is possible to leave luggage at the hotel.

2.3.6 GENERAL RULES

SMOKING AND TABACCO USE

It is forbidden to smoke in all hotels in Germany. The use of tobacco products including cigarettes, cigars, smokeless tobacco and e-cigarettes is prohibited within all hotels.

ALCOHOL, DRUGS, CONTROLLED SUBSTANCES

It is forbidden to store and consume alcohol, drugs, or toxic substances in all hotels.

DAMAGE TO PROPERTY / GOODS

HoD are required to pay a **Delegation Damage Deposit** to the Organising Committee to cover any potential damage to, or losses of, hotel property or goods by delegation members during their period of residence. Should any damage occur, the HoD of the responsible delegation member(s) must reimburse the hotel for the cost of the damages or loss as determined by the hotel. The deposit will be refunded latest by end of August 2025 if a post-event/departure inspection determines that no damage has been made and nothing has been lost. For more information see the [HoD Manual](#) section 3.5.1.

HOTEL QUIET HOURS

Quiet hours will be in operation in all hotels to ensure participants have adequate rest. A policy of low level of noise will be active overnight between **22:00** and **06:00**. All delegation members are requested to show respect to their fellow hotel guests by keeping all noise to an absolute minimum during these hours.

IMPORTANT NOTICE

If any member of the delegation encounters problems or concerns while staying in the hotels, it is crucial to communicate these soon as possible to the OC at the Accommodation Desks at the hotel or to Delegation Services. The OC will act on all concerns raised and collaborate with the hotel to resolve the issue promptly, confirming with the delegation members in the relevant hotel, as well as the HoD, that the issue has been resolved or what action is to be taken.

2.4 CATERING

2.4.1 OVERVIEW

The Organising Committee aims to ensure that athletes and team officials are well-nourished, energised, and well prepared for their competitions and responsibilities. For all meals, dietary requirements such as for gluten-free, dairy-free, and vegan and vegetarian options will be considered.

For the artistic gymnastics competition, delegations will have breakfast at their hotel, with lunch, dinner, snacks, and beverages served at the Messe Essen. Service hours and locations have been tailored to the schedule of the artistic gymnastics events and specific delegation needs.

2.4.2 OPERATIONAL HOURS

The F&B service for the artistic gymnastics delegations at Messe Essen is divided into various meal periods to cater to the athletes, staff, and officials. Each period has specific service guidelines, menu types, and facilities available. Opening hours are subject to change based on the requirements of each sport and venue.

2.8 TICKETING

2.8.1. OVERVIEW

Tickets for the Rhine-Ruhr 2025 FISU World University Games can be purchased via the official online **ticket shop**. All tickets for events in the Rhine-Ruhr region include free public transportation within the VRR (Verkehrsverbund Rhein-Ruhr) network, price category D, valid on the day(s) printed on the ticket. This offer does not apply in Berlin.

Further details about public transport coverage are available **online**. A comprehensive **FAQ** is also provided.

2.8.2 TICKET TYPES

For spectators, the following main ticket types are available, each designed to offer maximum flexibility depending on individual preferences and needs.

GROUND PASS

The Ground Pass provides access to every sport at every venue for all 12 days of competition (subject to venue capacities). Excluded from this are the Opening Ceremony, Closing Concert, and other selected concerts. By purchasing a Ground Pass, the purchaser does not acquire the right to a guaranteed seat for the desired venue / sport. Rather, admission is on a ‘first come, first served’ basis. In principle, 10% of the available seats at each venue will be made available to Ground Pass holders. Ground Pass holders can upgrade to a Sport Ticket for EUR 5 to ensure a seat. This is subject to Sport Ticket availability.

DAY TICKET

The Day Ticket grants the holder access to all venues / sports taking place in the respective Host City on that day. Rights of admission to a particular venue are the same as with the Ground Pass (see above).

SPORT TICKET

The Sport Ticket gives the holder a guaranteed seat for the chosen sport at a specified venue for a single session (where applicable) on a particular day. It is aimed at people who have a special interest in a particular sport. While a seat is guaranteed within the reserved area for sport ticket holders, they will be taken up on a first come, first served basis within the area so Sport Ticket holders are advised to arrive early for the biggest possible choice.

The Sport Ticket can also be used as a Day Ticket for all other sports in the selected Host City during the period of validity.

NON-SPORT EVENTS

Spectator tickets for the Opening Ceremony, Closing Concert, FISU World Conference and other events not on the sports programme must be purchased separately.

2.8.3 DELEGATION TICKETING POLICY

SPECTATING AT COMPETITION VENUES

Delegation members, that wish to watch a competition, can use their Accreditation Cards to enter the section on the grandstand reserved for delegation at all competition venues. The exact capacity blocked for delegations at each venue will depend on the total capacity available. Access will be granted based on a first come, first served basis and upon scanning of the accreditation card at the venue entrance. Please note that when visiting other competition venues, the public entrance must be used, and bags larger than A4 size are not permitted.

TICKETING DISCOUNT FOR DELEGATIONS

For the purchase of tickets for the semi-finals and finals of team sports, all delegations have received a promo code that allows “family and friends” and student-athletes to buy tickets with a discount of at least 10%. Please contact ticketing@rhineruhr2025.com for more details.

After the beginning of the competition, an injured gymnast may be replaced on the remaining apparatus by other team members. Delegations participating only with individuals (AA or apparatus) may enter a maximum of 2 gymnasts per gender.

In the team finals, the ranking is determined by adding the three highest scores of each apparatus. In case of a tie in points, the Tie-Breaking Rules will be implemented according to FIG technical regulations.

The results obtained within the team competition shall also act as a qualification for the Individual All-Around Finals and Individual Apparatus Finals.

INDIVIDUAL ALL-AROUND FINALS

The top 18 men and the top 18 women in the Team Finals and Individual Qualifications will be entitled to compete in the Individual All-Around Finals. However, no more than 2 athletes from the same delegation can take part in the finals. Therefore, in case more than 2 athletes from the same delegation will be among the first 18 of their respective gender, only the 2 who obtained the best result in the Team Finals and Individual Qualifications shall perform.

Therefore, in case more than 2 athletes from the same delegation will be among the first 8 of their respective gender, only the 2 who obtained the best result on the respective apparatus in the Team Finals and Individual Qualifications shall perform.

The classification by apparatus will be determined by the points obtained in the Individual Apparatus Finals. The results of the Qualifications are not applicable to Individual Apparatus Finals.

In case of a tie, the tie-break rule specified in the FIG technical regulation shall apply.

SEEDING

Individuals will compete in the first subdivision of the Team Finals and Individual Qualifications. Delegations with teams will be seeded in the latest subdivisions of the Team Finals and Individual Qualifications based on team results at the previous FISU World University Games. A draw will be conducted to assign the respective subdivisions and apparatus to those delegations who have not taken part in the previous FISU World University Games.

Such an application must be supported by documents endorsed by the appropriate State, Regional or National Academic Authorities.

ENTRY TIMETABLE

FORM	DEADLINE
Quantitative Entry Form (Q)	16.04.2025
Individual Entry Form (I)	16.06.2025
Final confirmation of the athletes	General Technical Meeting (21.07.2025)

All delegations must ensure that all their entries reach the Organising Committee by the deadline and in the form prescribed by the Organising Committee and the FISU regulations. All Entry Forms shall be submitted through the Games Management System (GMS) owned by FISU.

Entries received after the required deadlines will not be taken into consideration, except in the event of force majeure, with the agreement of the FISU Executive Committee and on the advice of the Organising Committee. Individual entry forms of athletes from a non-member association must be countersigned by the NSF or by the NOC and stamped with a seal from the said organisation.

The Quantitative Entry numbers are considered as final. The same overall number of athletes and officials shall be submitted in the Individual Entry, changes are only allowed within a quota of 10% of the delegation size at the Quantitative Entry. Further details regarding penalties are provided in the FISU Games Regulations (cf. Art. 5.4.6).

Individual entry forms of athletes from a non-member association must be countersigned by the NF or by the NOC. The NF of the concerned sport or the NOC must submit an official request to the FISU General Secretariat.

All replacements requested by the NUSFs after the individual entry deadline of 16 June 2025 shall follow the Late Athlete Replacement Policy. Details of the Late Athlete Replacement Policy are included in the I-Form User Guide which will be distributed on the official website.

3.4.4 PROTEST AND APPEALS

There are two different legal bases for making a protest: sports or disciplinary nature; or non-technical nature.

Any type of **PROTEST/APPEAL OF A SPORTS NATURE** must follow the rules of FIG (Technical Regulations Art. 8.5).

Inquiries for the Difficulty score are allowed, provided that they are made verbally immediately after the publication of the score or at the very latest before the score of the following gymnast/athlete or group is shown. For the last gymnast or group of a rotation, this limit is two (2) minutes after the score is shown on the scoreboard. The person designated to receive the verbal inquiry must record the time of receiving it, either in writing or electronically, and this starts the procedure.

Only the accredited coaches in the competition area are entitled to submit an inquiry. An area where the coach of the competing gymnast can observe the exercise must be designated.

Late verbal inquiries will be rejected. A National Federation is not allowed to complain against a gymnast from another National Federation.

Requests to revise Time or Line deductions or Bonuses are possible, according to FIG rules (Technical Regulations Art. 8.6). Inquiries for all other scores are not allowed.

During the FISU World University Games, **PROTESTS OF A NON-TECHNICAL NATURE** as allowed in article 3.2.2. d) of the Rhine Ruhr 2025 FISU Games Regulations shall be presented to the FISU President or Secretary General/CEO, by the HoD or their representative, in writing no later than six hours after the incident, and no protest received after this time shall be considered. Each protest shall be accompanied by a deposit of EUR 50, which shall be returned only if the protest is considered justified.

To challenge the eligibility of an athlete from another country, the HoD must make a written protest to the FISU Executive Committee. The CIC shall be authorised to investigate the eligibility of the participant concerned. Only the HoD or their representative shall be authorised to make such a protest. All decisions taken by the FISU Executive Committee are final.

3.4.5 EQUIPMENT AND UNIFORMS

Uniforms of the athletes must comply with the FIG RULES COMPETITION CLOTHING AND ADVERTISING to state that the design of clothing is expected to be compatible as a sports uniform and not as a costume. Details are provided in the Code of Points for each discipline.

The competitors and the coaches are permitted to wear and display advertising on their clothing in the competition venues according to FIG RULES COMPETITION CLOTHING AND ADVERTISING.

The usage of the Rhine-Ruhr 2025 FISU World University Games Summer logo is not mandatory; however, if a NUSF decides to use it on their uniform, the following conditions must be observed:

- The logos should be placed and produced in accordance with the “Rhine-Ruhr 2025 FISU World University Games Summer Brand Book”.
- All delegations using the Rhine-Ruhr 2025 FISU Games logo must send the layouts to delegationsservices@rhineruhr2025.com.
- The usage of the FISU logo (official “U” + “FISU wordmark” logo) is not permitted.

3.5 COMPETITION PROCEDURES

- Weather information
- Technical meetings information
- Daily Bulletin
- Lost and Found
- Accreditation and access issues
- Medical and Anti-Doping information
- Additional services
- Protocol and ceremony details
- Catering

At the competition venue, a **SPORT INFORMATION DESK** will be set-up in MME Halle 5 to provide the following information and services to delegations during the FISU Games:

- Competition schedule
- Training schedule
- Start lists
- Competition results
- Technical meetings information
- Lost and Found
- Accreditation and access issues
- Medical and Anti-Doping information
- Additional services
- Protocol and ceremony details
- Catering
- Additionally, these desks are the designated location for delegations to collect ice.

The Sport Information Desk will operate throughout the opening hours of the venue. The exact hours of operation will be available at the desk.

3.5.2 WARM-UP GUIDELINES

Before the start of the competition the equipment can be tested by the gymnasts on the field of play. Each gymnast is entitled to a 'touch warm-up' period on the podium for the Team Final, All-Around Final, and Apparatus Finals.

For all competition phases, the 50-second touch warm-up period per apparatus, including the preparation of the bars (with only 30 seconds for the Balance Beam and Women’s Floor Exercise) will be granted to each gymnast.

Additionally, Vault has a specific number of maximum attempts permitted during this ‘touch warm-up’ period according to the rules stated in each respective Code of Points.

For the All-Around Final MEN, the gymnasts proceed with their “touch warm-up” as one group.

For the All-Around Final WOMEN, the “touch warm-up” will be made in two groups as per the starting order:
Gymnasts 1, 2, 3, 4 do their “touch warm-up” and compete in the first half of the rotation
Gymnasts 5, 6, 7, 8, 9 do their “touch warm-up” and compete in the second half of the rotation

For the Apparatus Finals, the “touch warm-up” will be made in two groups as per the starting order:
Gymnasts 1, 2, 3, 4 do their “touch warm-up” and compete in the first half of the rotation
Gymnasts 5, 6, 7, 8 do their “touch warm-up” and compete in the second half of the rotation

In case of an odd number of finalists, the group competing in the first half of the rotation will have a smaller number of gymnasts than in the second half.

3.5.3 ENTRY TO FOP

Only the competing gymnast and his/her coach are allowed to be on the Field of Play during the routine. All other delegation members must remain in the waiting zone.

Each team (maximum of five gymnasts) in the Qualifications and Team Finals may be assisted in the competition area by a maximum of two (2) coaches. Individual gymnasts may be assisted by a coach in the competition area in accordance with the provisions included in the Accreditation Rules for all competition phases.

For the All-Around Finals and the Apparatus Finals only one (1) coach per gymnast is allowed but personal coaches may be present in the dedicated zone with respect to the rules.

Competitors must not present themselves on the competition area until they have been called either by the announcer, by the Chair of Judges Panel, the D1 judge (ART) or when the flag or the green light is showing. In case of non-observance of the directions given the athlete will be penalised according to the provisions of the Code of Points.

During the march-in and march-out, as well as during the rotation from one apparatus to the other, the gymnasts must move in a uniform manner, to music, and in accordance with the announcer's instructions. When entering the competition area, gymnasts should only carry the equipment which is strictly necessary.

During the competition, if the size of the warm-up hall allows it and provided that such a possibility is mentioned in the Work Plan, the gymnasts may leave the competition hall if their starting order allows it and return to the warm-up hall only during the Qualifications the Team Final and the Apparatus Finals. This provision does not apply for the All-Around Final.

Each gymnast must present himself to the panel of judges at the beginning and at the end of his exercise. He/she must await the green light or, otherwise, the signal from the D1 Judge before commencing his/her exercise, and he/she must leave within 30 seconds of its conclusion. A gymnast may not re-enter the podium area, after the conclusion of his exercise, without the consent of the D1 Judge.

3.5.4 EVENT PRESENTATION

TEAM FINALS AND INDIVIDUAL QUALIFICATIONS

March-in is in competition attire. The teams are presented according to starting order. All competing athletes must be in the call out area well in time for line-up and march-in, since all teams start competition at the same time. Each team has its own team waiting zone. After competing at the apparatus, the gymnasts are guided back to the teams waiting zone to wait for their score.

INDIVIDUAL ALL AROUND FINALS

March-in is in competition attire. The gymnasts are presented according to the starting order. All athletes must be in the call out area well in time for line-up and march-in.

INDIVIDUAL APPARATUS FINALS

March-in is in competition attire. The gymnasts are presented according to the starting order. All athletes must be in the call out area well in time for line-up and march-in.

After competing at the apparatus, the gymnasts are guided to the leader's zone to wait for their score. Only the leader will stay in the leader's box. Except the leader, all gymnasts wait in the assigned waiting zones for the final result of the competition.

3.5.5 TIMING, SCORING AND RESULTS

All timing, scoring and results services for the artistic gymnastics competitions at the FISU World University Games 2025 will be provided by the official partner ATOS.

Delegations will have access to:

- Competition schedules
- Entry and start lists
- Official results

These will be available:

- on the official live results website
- in the RR2025 mobile app
- at the Sport Information Desk at the venue

Official printed reports will also be available at the venue as needed.

3.5.6 EXIT FROM FOP AND MIXED ZONE

After the competitions, all athletes must exit the field of play through the mixed zone, where they will be interviewed by the media. The choice of interview partners is the responsibility of the media. After the interviews, the athletes leave the mixed zone in the direction of the warm-up area.

The MAG and WAG gymnasts will exceptionally be authorized to return to the warm-up hall during competitions (without any special approval) in order to share the designated stretching area and the apparatus. Priority will nevertheless be given to the gymnasts warming up for the following subdivision (if any). Therefore, permission will be required from any federation(s) warming-up before the MAG and WAG gymnasts coming from the Field of Play may use the stretching area or a specific apparatus. MAG and WAG gymnasts will be fully responsible for being present in the Field of Play when required in order to perform their routine on time.

3.5.7 MEDALS AND AWARDS

A medal ceremony will be held after each final. The award ceremony for Team Finals and All-Around Finals will be held right after the competitions. For Apparatus Finals it will be held after the first half of the finals (3 MAG apparatus, 2 WAG apparatus) as well as after the second half (3 MAG apparatus, 2 WAG apparatus).

The following athletes must attend to the medal ceremony:

- TEAM FINAL: top 3 ranked teams
- INDIVIDUAL ALL-AROUND FINAL: top 3 ranked gymnasts
- APPARATUS FINALS: top 3 ranked gymnasts

If a medalist is unable to attend, the medal will be delivered to an official of the relevant delegation who must be dressed in the delegation's official outfit. He/she must not mount the podium but stand behind it.

The medalists are expected to mount the podium in the official team uniforms. However, they are allowed to attend the official ceremony wearing sports uniforms when the ceremony takes place immediately after the competition. The medalists are not allowed to take any national flags or any other national/regional, cultural, or religious symbols on the podium. They must not wear hats, caps, or sunglasses on the podium.

The athletes (teams) of the top three places in the finals will be awarded a gold medal, a silver medal and a bronze medal and gifts, respectively.

The delegation flags will be raised for medallists and the FISU anthem will be played. All medallists and relevant officials are required to face the flags on trapeze, as the flag of each medallist's country is raised and the FISU anthem is played.

After the anthem is played, medallists are expected to pause for photos. The exit of the FOP will be through the mixed zone for media interviews.

Diplomas will be awarded in accordance with the FISU Protocol. Delegations will receive these electronically after the FISU Games.

Any dispute regarding protocol will have to be addressed to FISU.

3.5.8 DOPING CONTROL

GENERAL INFORMATION

Doping control during the Rhine-Ruhr 2025 FISU World Games will be performed in accordance with the **World Anti-Doping Code** [the Code], the **International Standards** of WADA, the **FISU Anti-Doping Rules** [the Rules] and the **National Anti-Doping Code** (NADC). All athletes and athlete support personnel participating in the event are subject to these regulations and shall abide by the decisions of FISU. All delegation members participating in the event are subject to these regulations and shall abide by the decisions of FISU. As per Article 5.3 of the Code, FISU has exclusive Testing Authority over all participating athletes during the event period.

In-Competition testing and Out-of-Competition testing will be carried out. Testing includes the collection of both urine and blood samples. Athletes notified of their selection for a doping control test shall cooperate. Any athlete who evades, refuses, or fails to submit to sample collection after being notified by a duly authorised person shall be suspected of an anti-doping rule violation.

PREPARATIONS FOR TESTING

Athletes must produce identification, which in the case of the Rhine-Ruhr 2025 FISU World University Games should be in the form of a passport, driver's license, ID card, similar valid photo identification, or the official accreditation of the event.

Athletes shall also be prepared to provide Doping Control Officers (DCOs) and Blood Collection Officers (BCOs) with information on all prescription and non-prescription medications or supplements taken over the past seven (7) days, including the names, dosage, frequency, and date of last use, where possible. Additionally, a list of any blood transfusions received over the last three months shall be made available, if a blood sample is collected.

In the case of Artistic Gymnastics, Doping Control Stations are installed at Messe Essen and Grugahalle. The Doping Control Stations are also used for testing other athletes competing at Messe Essen and Grugahalle. The walking distances from the Field of Play to the Doping Control Stations are less than 15 minutes.

DOPING CONTROL GUIDE

All delegation members are advised to read the **Doping Control Guide** to adequately prepare for their participation in the event. This guide contains, among other topics, information about:

- Anti-Doping Rule Violations
- Prohibited List, medication, and supplement use
- Therapeutic Use Exemptions (TUE)
