EXAMINATION STAGES SCHEDULE

DIRECTIVES FOR THE 2025 ONLINE EXAMINATION

Dear President,

The FIG Technical Committees (TCs) have developed comprehensive online examination for the 2025–2028 cycle.

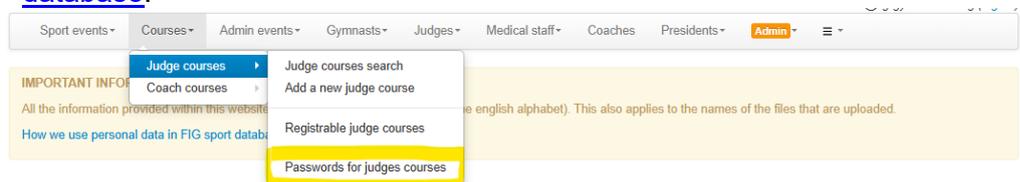

These examinations will be conducted via the STS platform and will maintain the same structure and assessment criteria as the previous (in-person) intercontinental and international judges' courses.

Judges who successfully pass the online examination will only obtain **Brevet Category 4** for the 2025–2028 cycle (no upgrade permitted).

All regulations and qualification details are outlined in the [2025-2028 General Judges' Rules](#) and the Specific Judges' Rules for each discipline, available on the [FIG website](#).

REGISTRATION AND PARTICIPATION REQUIREMENTS

- Judges must be registered in the [FIG sport database](#) by their National Federation.
- All dates and time zones as shown in appendix 1 must be respected. Judges' must be enrolled in the online examination (dates and time zones) where they will be taking the examination.
- Moving a judge from your federation time zone into the one where the judge will be taking the examination (not a choice or selection, where they live or may be working from), requires an email from your federation to the Sports Manager responsible for that discipline stating the reason. If approved, the Sports Manager will open the position in the other time zone. The NF must state the city and country where the candidate judge will take the examination.
- Judges must ensure their FIG sport database profile is **complete and up-to-date**. Failure to do so will result in denial of access to the [STS platform](#).
- For any new judge, a new profile will need to be created in the [sport database](#), and as soon as possible, while respecting the deadlines set out in the examination schedule.
- The FIG will need to validate these new judges before the respective deadlines in order for the NF to be able to register them to the respective examinations. Failure to do so will result in the judges not being able to participate in the receptive examinations and no access to the [STS platform](#) will be provided.
- For returning judges from the 2017-2021 cycle, with no brevet from 2022-2024, please email the FIG at sports@fig-gymnastics.org as these judges already have an ID number, and their profile updated in the FIG database.
- Each judge may individually access the practice test and official test once they have received the login credentials from their NF through the [FIG sport database](#).

	<ul style="list-style-type: none"> The number of participants per course is set in the General Judges rules - Art 2.3 (400), but there is no limit per federation for each course. <p>Important note:</p> <ul style="list-style-type: none"> The same login and password will be used for the STS Educational platform, the practice test as well as for the official examination. 								
<p> FINANCIAL INFORMATION</p>	<ul style="list-style-type: none"> Each judge must pay a CHF 150.- registration fee, covering access to the educational platform, the practice test, and the official online examination.
