1.1. Emblem

The smooth curves describe the liveliness of sports.

The center line colored by purple, gold and green inspires the image that people get together as one and go forward to the future by heading to a bright red sun, the symbol of the Olympic Council of Asia (OCA). The purple is used as an image of the iris which is the prefectural flower of Aichi. The gold describes the Kinshachi, the golden tiger-fish roof ornaments and the symbol of the Nagoya Castle. And the green inspires the high environmental consciousness among people of Aichi-Nagoya fostered through the EXPO Aichi 2005, the COP10 and the UNESCO World Conference on ESD. The emblem contains the initial letters of Asia, Aichi and Nagoya. You could see "A" described by the purple curve and the center line and "N" designed by the purple and the gold.

1.2. Mascot

"HONOHON," the mascot of the 20th Asian Games, was born from the fiery passion that dwells in the hearts of athletes, becoming one with Shachihoko, the guardian deity of Aichi-Nagoya.

The name "HONOHON" is derived from the word "Honoho," which is said to be the origin of the Japanese word meaning "flame," that comes from the image of fire rising high and burning brightly, resembling the shape of a rice ear ("ho" in Japanese). To make the name sound more friendly, we named it "HONOHON."

1.3. Other Information

For more information, please refer to the official website of Aichi-Nagoya Asian Games Organizing Committee (AINAGOC).

URL: <https://www.aichi-nagoya2026.org/en/>

2. Accreditation and Validation

AINAGOC will distribute the Accreditation Guide to Responsible Organisations in December 2025. The Accreditation system will be available from 11 December 2025 to 14 May 2026.

All athletes, including those who may participate through Late Athlete Replacement (LAR), must complete their Accreditation Application within this period.

All athletes who may potentially participate in the Games must be registered in the Accreditation long list.

From July 2026 onwards, AINAGOC will produce and deliver the Pre-valid Asian Games Identity and Accreditation Card (PVC) to Responsible Organisations that have confirmed their Accreditation Status Report.

Upon arrival in Japan, Games stakeholders will be required to validate their PVC at the Welcome Centre 1 accreditation validation desk or other accreditation facilities by presenting their valid identity documents. For further details, please refer to Chapter 7.1 of the Accreditation Guide.

After validation at the accreditation facility, the PVC becomes the AGIAC, which grants access to competition and non-competition venues and zones. The AGIAC grants the cardholder the appropriate access entitlements to the venues and zones.

Please note that athletes designated for Late Athlete Replacement (LAR) cannot validate their PVC unless and until the replacement is officially approved.

3. Validity Period of AGIAC

When a participant presents the PVC or the AGIAC in conjunction with the valid passport (or equivalent travel document), it will function as a visa waiver when applying for entering Japan and can be used multiple times between 0:00 on 31 July 2026 and 23:59 on 19 October 2026.

4. Transport

Athletes and team officials will be provided with transport on arrival and departure, for competitions, and for training. Services will be available for the designated locations. AINAGOC will allocate a specific number of dedicated vehicles to each NOC delegation for its exclusive use. For more details, please refer to the *Transport Guide for Athlete & NOCS* published on September 30.

A conventional Athletes' Village will not be built.

During the 20th Asian Games Aichi-Nagoya 2026, NOC athletes and team officials will be accommodated at Garden Pier (Villas*), Kinjo Pier (cruise ship), and existing accommodation facilities (hotels, etc.), and Technical Delegates (TDs), International

Technical Officials (ITOs) and National Technical Officials (NTOs) will be accommodated at existing accommodation facilities (hotels, etc.).

Necessary functions and services will be provided. In principle, it has to be ensured that TOs will be accommodated at separate lodging facilities from NOC athletes.

The Broadcast Mixed Zone is directly connected to the Press Mixed Zone, ensuring a seamless transition for athletes and media representatives.

* Victory Ceremony Procedure:

These athletes will then be escorted to the ceremony briefing area. After the victory ceremony, they will return to the Broadcast Mixed Zone and pass through the area.

6.2. Press Mixed Zone

6.3. Press Conference Room

After the finals of each event, in principle, a post-competition press conference will be arranged. At these Press conferences, interpretation in 6 languages (Japanese, English, Chinese, Korean, Russian and Arabic) will be provided. If the athlete notified of a doping test has not yet completed it, Doping Control Personnel shall be permitted to attend the press conference for continuous observation.

6.4. FOP Photo Positions

FOP photo positions will be set up in FOPs or FOP surrounding areas in each competition venue. These positions are for accredited photographers to use to take photos of competitions. Accredited photographers will need to wear supplementary access control devices in order to enter FOP photo positions. During the victory ceremony, a suitable temporary position will be set up if deemed necessary.

For some events, the shooting at the FOP photo positions may use photo truck(s), photo boat(s), catwalk remote control camera(s), shooting house(s), and underwater remote-control camera(s). Some of these special photo positions will be provided through the Rate Cards.

6.5. NOC Press Attaché

NOC press attachés with Supplementary access control device(s) will assist in facilitating interviews between Athletes and Accredited press. They can enter the athletes' side of the Press Mixed Zone, determined by PRS. Where necessary, language support volunteers may assist them in their activities.

Specific procedures of WG's TRs are:

- Inquiries shall be made verbally immediately after the publication of the score or at the very latest before the score of the following gymnast is shown.

- For the last gymnast/group of a rotation, the limit is two (2) minutes after the score is shown on the scoreboard. The person designated to receive the verbal inquiry has to note the time of receiving it and start the procedure.
- Only accredited coaches (SACD holder) in the competition area are entitled to submit an inquiry.
- Late verbal inquiries will be rejected. An NOC is not allowed to complain against a gymnast/group of another NOC.
- The inquiry must be confirmed in writing within four (4) minutes after the verbal inquiry is made and requires an agreement on the payment of inquiry fee.
- If multiple inquiries are submitted simultaneously, the first recorded inquiry's submission time will apply to all inquiries submitted on time. The Inquiry Officer will, if needed, either unlock the electronic system for the NOC Authorised Representatives to submit the inquiry in the device or record the submission time on the official inquiry form (double payments will be applied if the two inquiries are rejected).
- Each inquiry must be examined by the Superior Jury, and a final decision must be made (which may not be appealed) at the end of the rotation (or group) for the Individual All-Around Final and the Group All-Around Final.
- After reviewing the routine, the score is either changed (risen or lowered) or unchanged.
- Should the final score be higher, the inquiry will be deemed successful, and there will be no need to pay the inquiry fee. However, should the final score remain unchanged or be lowered, the inquiry will be deemed unsuccessful. In this case, the inquiring NOC should pay the inquiry fee after competition to AGU, which will issue an invoice after receiving the payment. USD 300 is required for the first complaint, USD 500 for the second, and USD 1,000 for the third and any of the subsequent complaints lodged by the same NOC throughout the event (and not starting from "1" again at each competition phase AGU solidarity).
- Any athlete/NOC may inquire to the Court of Arbitration for Sport (CAS), in the event that the athlete/NOC believes that there has been a violation of WG/AGU TR or the OCA Constitution, as long as the inquiry is not related to reversing the decision of the judge or result.

In the days following a competition, the PVCR will be carried out by the respective Technical Committees (TCs) or representatives designated by the TCs, and in case mistakes are established, the responsible judges will be disciplined accordingly.

The FOP is strictly controlled in terms of gymnasts and coaches during the competition. For coaches, they must have a SACD with an official AGIAC during the competition in accordance with the FIG Accreditation Rules. AINAGOC FOP team members support gymnasts and coaches to access the FOP from the final warm-up floor. Gymnasts and coaches should have a responsibility of following staff instructions in this time. In terms of coaches, AINAGOC FOP team member escorts to the designated area and the K&C to watch their gymnasts' performance. During the actual performance of the routine, coaches may not communicate with their gymnast or/and the judges in any manner.

 4. The Member must ensure that any competitor in the OCA GAMES must be a national of the country of the NOC, which is entering him.
 5. Disputes relating to the determination of the country which a competitor may represent in the OCA GAMES shall be resolved by the EB, unless the eligibility code already set out in the Constitution has been fulfilled and is not in dispute.
- **Bye-law to Article 52**
 1. *All cases of infringement of IOC Rule 41, 42 and it's Bye-laws and of the eligibility code of IFs shall be communicated by the concerned Member to the OCA, to be considered by the EB whose decision will be final.*
 2. *A competitor who is a national of two (2) or more countries at the same time may represent either one (1) of them, as he may elect. However, after having represented one country in the Olympic, Asian continental regional or world championships recognised by the relevant IF, the competitor may not represent another country unless he or she meets the conditions set forth in sub section 4 below that apply to the persons who has changed his nationality or acquired a new nationality.*
 3. *A competitor who has represented one country in the Olympic Games, OCA GAMES, continental, regional, and world championships recognised by the relevant IF, and who has changed his nationality or acquired a new nationality, shall not participate in the OCA GAMES to represent his new country until three years after such change or acquisition.*

Decisions can be of a general or individual nature and issue specific requirements relating to nationality, citizenship, domicile or residence of the competitors, including the duration of any waiting period;*
6. *Except as permitted by the EB, no competitor, coach or official who participates in the OCA GAMES may allow his person, name and picture or sports performances to be used for advertising purposes during the OCA GAMES.*

NOC Emblems and National Identity

All competitors who participate in competition must wear an identification of their country/ territory in the form of a flag (in official colours) or the country name (OCA abbreviation or in full) [●] and may not exceed the maximum overall area of 80cm² and must cover a minimum overall area of 30cm². A national emblem, NOC emblem, or crest, if the country/territory has one, or its coat of arms may be worn, but only in addition to the flag or country/territory name [●], and with the same maximum size requirement.

The uniform may be designed in the national colours and portray clearly the national identity, as long as a flag or country name (abbreviated or in full) is included. The identification can be in the form of a patch, crystals, screen print or other method, and must be sewn-on or affixed to prevent removal during competition. Such emblems may appear as follows:

Women's leotard

Anywhere on the front or on either sleeve of the leotard, ensuring aesthetic presentation.

During the Qualification competition for the Olympic Games, the additional individual gymnasts from NOC with a qualified team must wear a distinctively different colour singlet (MAG) and leotard (WAG) than the gymnasts participating in the team event. The national identification on the warm-up suit is not regulated but should be reasonable and in good taste in keeping with other rules as specified.
