## **37<sup>TH</sup> FIG RHYTHMIC GYMNASTICS WORLD CHAMPIONSHIPS BAKU (AZE) 16 – 22 SEPTEMBER 2019**

### **GYMNASTS' DRAWING OF LOTS PROCEDURES**

We are pleased to provide you with the procedures for the RG Individual and Groups' drawing of lots for the 37<sup>th</sup> FIG Rhythmic Gymnastics World Championship in Baku (AZE).

#### General principles for Individual and for Group competitions:

The order of the apparatus for Individuals and Groups are pre-defined (Hoop/Ball, Clubs/Ribbon, 5 Balls, 3 Hoops and 2 pairs of Clubs).

- Random drawing of lots will be carried out by computer for all phases of competitions.
- Drawing of lots will be conducted in the following order of priority:
  1. Individual Qualification
  2. Individual All-Around Final
  3. Individual Apparatus Finals
  4. Group General Competition
  5. Group Finals

#### **Individual Competitions – Qualifications**

---

The drawing of lots will determine the starting order of each Federation. Gymnasts from the same Federation will perform the same apparatus alternatively.

Example

Result of the draw: 1. XXX, 2. YYY

Starting order	NF		
1	XXX 1	X	
2	YYY 1		X
3	XXX 2	X	
4	YYY 2		X
5	XXX 3	X	
6	YYY 3		X

Once completed, the draw will be divided into four (4) Groups of individual gymnasts (group A, B, C and D). Each 4 Groups will then be cut into two (2) subgroups (A1/A2, B1/B2, C1/C2, D1/D2).

The order of the 4 Groups will rotate each day of qualification but the order of the gymnasts within each Group will not change.

1<sup>st</sup> day of competition:

1. Group A will start followed by Groups B, C and D.
2. First subgroup of each Group will start followed by the second subgroup of the same Group (A1/A2, B1/B2, C1/C2, D1/D2).

2<sup>nd</sup> day of competition:

1. Group C will start followed by Groups D, A and B.
2. Second subgroup of each Group will start followed by the first subgroup of the same Group (C2/C1, D2/D1, A2/A1, B2/B1).

3<sup>rd</sup> day of competition:

1. Group D will start followed by Groups C, B and A
2. First subgroup of each Group will start followed by the second subgroup of the same Group (D1/D2, C1/C2, B1/B2, A1/A2).

4<sup>th</sup> day of competition:

1. Group B will start followed by Groups A, D and C
2. Second subgroup of each Group will start followed by the first subgroup of the same Group (B2/B1, A2/A1, D2/D1, C2/C1).

### **Individuals Competitions – All-Around Final**

---

In order to establish the starting order on the All-Around Final two (2) draws will be carried out as follows:

First draw:

1<sup>st</sup> rotation – Individual gymnasts ranked 13-24 of the Qualifications

- To fulfill the starting order 1-12 of the 1<sup>st</sup> rotation of the All-Around Final, a random draw will be carried out with the Individual gymnasts ranked 13-24 of the Qualifications.

Second draw:

2<sup>nd</sup> rotation – Individual gymnasts ranked 1-12 of the Qualifications

- To fulfill the starting order 1-12 of the 2<sup>nd</sup> rotation of the All-Around Final, a random draw will be carried out with the Individual gymnasts ranked 1-12 of the Qualifications.

### **Individuals - Apparatus Finals**

---

In order to establish the starting order on each Apparatus Final, four (4) different drawing of lots will be carried out until the positions 1- 8 are filled in each apparatus.

## Group Competitions – General Competition

---

The drawing of lots will determine the starting order of each Federation. Once all Federations will be assigned, the draw will be divided into two (2) Groups (A and B).

1. Group A will start the competition and perform alternatively the exercise using one type of apparatus and two types of apparatus. Then a rotation is made within Group A for all Groups to perform the second exercise (two types of apparatus and one type of apparatus).
2. Same principle for Group B.

Example

Result of the draw, Group A: 1. XXX, 2. YYY

Starting order	NF	5 	3  2 
1	XXX	X	
2	YYY		X
3	.....	X	
4	.....		X
5	XXX		X
6	YYY	X	
7	.....		X
8	.....	X	

## Group Finals - Finals for the exercise using one and two types of apparatus

---

In order to establish the starting order on each type of apparatus, two (2) different draws are carried out until the positions 1-8 are filled for each apparatus.
