### **Additional Information:**

The Indian state of Odisha has made unparalleled investment in sport, particularly gymnastics! State of the art facilities, all air conditioned, have been constructed. All training is free for the gymnasts. Many gymnasts will also receive housing, meals, gym supplies and education, all free of charge at the main center in Bhubaneswar. Each gym also has their own facility, cleaning and security staff.

The state of Odisha is on the eastern coast of the country. This state is rich in mineral resources with cities of much less congestion than other areas of India, also low in pollution, and a high-tech region of the country.
