1. INTRODUCTION AND DEFINITIONS

1.1 Purpose

The purpose of accreditation is to identify people and their roles and to grant them the necessary access to perform their functions. These Rules are valid for all FIG Gymnastics for All (GfA) events, FIG World Championships (Senior and Junior), FIG World Age Group Competitions, FIG World Youth Competitions, FIG World Cups, FIG World Challenge Cups, FIG international sanctioned competitions and in principle for gymnastics competitions at all other Multi-Sport Games. They also apply to the FIG Council and Congress.

Accreditation is not an external sign of a privileged status but a necessary working tool to manage the large numbers of people participating in official FIG events and to facilitate their movements in a flexible way and with full security.

By accepting the accreditation, the holder confirms having read and understood the FIG Statutes, the FIG and IOC Code of Ethics, the FIG Code of Conduct, the FIG Technical Regulations, the FIG Licence Rules, the FIG Anti-Doping Rules, the World Anti-Doping Code including the International Standards, the Code of Points, the FIG Accreditation Rules, and all other FIG Rules and Regulations and their amendments, and agrees to comply with and to be bound by them.

An accreditation:

- ensures that only the appropriate qualified and eligible people are entitled to participate in or perform official functions at official FIG events
- limits participants' access to areas they need to enter to perform their official function while keeping unauthorized people out of secure zones
- ensures that participants reach these areas in a safe and orderly manner

Regardless of the circumstances, accreditations shall not be given in lieu of a "pass" or "event ticket".

1.4.7 Mixed Zone cards or armbands

Press attachés are entitled to escort gymnasts from their federation on the athletes' lane of the mixed zone. Special Mixed Zone Cards or armbands will be issued for this purpose. This card is transferable, but only valid if the cardholders are also wearing their accreditation cards.

1.4.8 Media at FIG Council and Congress

Any request must be approved by the Secretary General.

1.5 Transferable access cards (TAC) for warm-up hall and competition hall

A number of TAC are allocated to the NF. Such cards may only be used by persons already accredited and must always be used in conjunction with the primary accreditation card. They are only transferable within the NF's official delegation and appropriate function.

For FIG and LOC operational reasons, other TAC, upgrade cards and day passes may be issued upon authorisation by the FIG Secretary General.

The FIG has the right to receive open and transferable accreditations, upgrade cards and day passes as needed. They are not nominative and shall bear the FIG logo instead of the photo.

The LOC shall prepare 25 TAC to give access to the Doping Control Zone. These cards are given to the athletes and accompanying persons, if any, at the time when individuals are officially notified that they have been drawn for an anti-doping control. These cards must be returned to the Head of the anti-doping control station.

1.7 Additional accreditations

The cost for additional accreditations for coaches and paramedical staff (as per the number for the different disciplines under point 5) shall be borne by the NF. The LOC may charge the equivalent of CHF 250 per card.

1.8 Rule on replacements, substitutions and multiple roles

An individual is entitled to one accreditation card only.

If an individual has several valid "accreditable" functions, the highest function is normally selected and the access zones of the functions are cumulated. Unused accreditations cannot be transferred to a substitute. Special cases are decided by the FIG Secretary General.

The function of judge may not be combined with any other function.

The function of gymnast/athlete may not be combined with any other function except for Head of delegation (not applicable for GfA).

It is forbidden to make a change of function after the nominative entry deadline except in case of special authorisation by the FIG Secretary General or his representative. However, it is forbidden for someone with an accreditation to substitute his/her function with the function of gymnast/athlete.

1.9 Training hall/Warm-up hall/site (not applicable for GfA)

Are considered as **training halls**, the halls used by the gymnasts for free training and scheduled training as per the schedule prior to the competitions and during the competition days.

If the tribunes of the training halls are separated from the training zones and if the hall also has a separated entry, the seats are considered as delegation seating as in the competition hall and access rights are identical (zone 6).

Is considered as **warm-up hall/site**, the hall/site used by the gymnasts/athletes before their competition, on competition days (free or scheduled warm-up). Access is strictly limited.

Podium training shall be considered as a training, therefore the access rights are the same as for training halls.

1.10 Lost, stolen or forgotten accreditation and transferable access cards

In case of lost or stolen accreditation cards, the LOC and the FIG must be informed immediately in order to block them.

Lost or stolen cards may be replaced at the expense of the card holder (at the equivalent of CHF 250).

Lost or stolen transferable access cards shall not be replaced.

Access will be denied to delegation members who fail to present their accreditation or TAC in the required area.

1.11 Immediate administrative measures during an event

The FIG Secretary General or his representative shall take administrative measures for all types of misuse of an accreditation (such as zone, time, transfer, etc.). Any misuse of accreditation shall lead to the immediate withdrawal of the accreditation and to a fine of CHF 2,500 per case to the respective federation. Further steps are possible (e.g. case to be submitted to the Gymnastics Ethics Foundation (GEF)).

The decisions of the FIG Secretary General concerning administrative measures (such as withdrawal, fines) shall be notified in writing to the individual and the NF concerned. They have the right to appeal to the Jury of Appeal as indicated in the decision of the FIG Secretary General.

The appeal shall not suspend the effect of the decision of the FIG Secretary General.

The FIG Jury of Appeal shall investigate the case as soon as possible. The decision of the FIG Jury of Appeal is final.

2. TRANSPORTATION

All accredited individuals (except those who did not book accommodation through the LOC; this exception is not valid for GfA) shall be entitled to use the transportation system according to their access right.
