OLYMPIC QUALIFICATION**

In the 2026/2027 Rhythmic World Cup Series (4 Events in 2026 and 4 Events in 2027) a separate Olympic Qualification Ranking list will be established and will give the opportunity to earn two (2) Olympic qualification places for Individual gymnasts and one (1) Olympic qualification place for Group.

General principle for Individual gymnasts and Groups

Participation rights

All FIG member federations in good standing with a maximum of two Individual gymnasts per NOC (plus the current All-Around World Champion) and one Group per NOC may participate in the 2026/2027 Rhythmic World Cup Series.

Individual gymnasts and Groups who already obtained a quota place for their NOC at the 2026 World Championships may participate but will not be considered in the Olympic Qualification Ranking list.

Olympic Qualification Ranking list (8 Events)

The allocation of the World Cup points used for the calculation of the Individual Olympic Qualification ranking list shall be based on the table set out in Article 17 of the RG 2025-2028 World Cup Series. The World Cup points are assigned by Individual / Group.

The results of the All-Around competitions (Qualifications, 4 scores for Individual gymnasts and 2 scores for Groups) will be taken into account to determine the Olympic Qualification Ranking list.

The assignment of World Cup points for each competition will be the base to establish the Olympic Qualification Ranking list. The Olympic Qualification Ranking list will begin with the first World Cup competition of the 2026-2027 World Cup Series and will be regularly updated after each event until the last 2027 World Cup event of the series. However, Individual gymnasts/Groups who already obtained a quota place for their NOC at the 2026 World Championships will be deleted from the Olympic Qualification Ranking list of each competition and the number of points earned will be assigned to the next eligible Individual gymnasts/Groups.

Qualification places – Individuals

Individual gymnasts must participate in at least four (4) events (out of eight (8)) from the Individual 2026-2027 World Cup Series to be eligible for a quota place.

After the last event of the 2026-2027 Series, the two (2) gymnasts with the highest total of points of the Olympic Qualification Ranking list, counting the best four (4) results, regardless the number of competitions that have participated in, will have the opportunity to earn a quota place for their NOC to participate in the LA2028 Olympic Games.

This place is nominative except for those held by NOCs already qualified with one Individual gymnast at the 2026 World Championships.

NOCs already qualified at the 2026 World Championships with two quota places may not obtain additional quota places.

Qualification places – Groups

Groups must participate in at least four (4) events (out of eight (8)) from the Group 2026-2027 World Cup Series to be eligible for a quota place.

NOCs already qualified at the 2026 World Championships with one quota place may not obtain additional quota places.
