## **ART. 16 WINNER OF THE ANNUAL WORLD SERIES RANKING LIST**

At each event, the gymnasts will have the opportunity to win World Cup Points which will count towards the respective World Cup Ranking Lists. These World Cup Ranking Lists will begin with the 1<sup>st</sup> event of the year (i.e. per discipline) and will end with the last event of the year (i.e. per discipline).

The winner of the annual World Cup per category is the individual gymnast / pair / trio / group with the highest number of points of the World Cup Ranking List after the last event of the year as follows:

- If 5 to 8 World Cup Competitions take place per year, the best 4 (max. 4, regardless of the number of competitions the gymnast participated in) are counted.
- If 3 to 4 World Cup Competitions take place per year all points are counted, regardless of the number of competitions the gymnast participated in.

A special award ceremony will be held at the last World Cup Competition of the year in which the World Cup winner will receive the World Cup.

If there is a tie at the first place, the sum of the number of ranks of the counting competitions achieved by the respective unit will be added and the unit with the lowest total will prevail.

If there is still a tie, the unit who has participated in the greater number of Finals of the counting competitions will prevail.

If there is still a tie, the unit who has the best rank at one of the counting competitions will prevail.

If there is still a tie, the tie will not be broken.

Appendix 1: Drawing of lots procedures

## Drawing of lots procedures

The draw will decide the order in which the lot for each team, or gymnast, will be drawn and determine the order in which the team or gymnast will commence to compete in the Competition, both in qualifications and finals.

For the health and safety of gymnasts, FIG has accepted that gymnasts competing in multiple finals require 10 minutes to recover before competing again.

In AER Gymnastics the draw will be adjusted according to this principle. If a gymnast or group compete 7<sup>th</sup> in one rotation and are drawn in positions 1-3 in the next rotation the new starting position will become 4<sup>th</sup>. If a gymnast or group compete last in a rotation and are drawn in positions 1-4 in the next rotation the new starting position will be 5<sup>th</sup> (see FIG Technical Regulations [2021](#), Section 1, Art 4.3 4)

At the time of the nominative registrations, every Federation must nominate its gymnasts on the FIG online registration.

This nomination must be made in every category, the respective Federation has made at the time of the definitive registration.

Every Federation is asked to nominate its gymnasts in the respective categories (IM, IW, MXP, TRIO and GROUP).

Two weeks after the deadline of the nominative registration, the drawing of lots will be performed.

This drawing of lots will be made by Federation (when 2 units are selected, a number one and a number two will appear in this drawing of lots).

After publication of the draw on the FIG website, the member Federation will be given an opportunity to modify the position of their gymnasts' starting order within 3 days by using the official document to be found on FIG webpage of the event on the FIG Calendar.

This document will allow every Federation to change its gymnasts', pairs', trios' and groups' position (i.e from position one to position two within the Federation).

This document is to be sent back to the FIG office, attention M. Alexandre Cola ([acola@fig-gymnastics.org](mailto:acola@fig-gymnastics.org)) no later than 3 days after publication of the drawing of lots on the FIG website.

Should no answer be received at the FIG office by the given deadline, the registration made by the respective Federation at the time of the nominative registration, will be considered as approved and final.

Should you have any other questions, please contact the FIG office.
