ARTICLE 1 JUDGES' COURSES

The Intercontinental and International Courses, as well as the Federation requested courses, will last 3 and half days (plus one and half day examination). The Course will end with a theory and practical examination

The Course will include a theory examination on the Code of Points and the Technical Regulations and a practical examination on video.

1.1 Intercontinental Course

- Each Federation will be permitted to send a maximum of three (3) Judges (cat. 1, 2 or 3) to the Intercontinental Course.
- In addition, Federations having Category 1 Judges have the possibility to register one (1) additional Judges category 1.
- New and current FIG RG TC members, along with Continental Union RG TC Presidents, are in addition to these quotas.
- Judges participating must be Category 1, 2, or 3.
- Judges sanctioned (sanctions as per FIG Statutes Art. 43.3 except point a) during the period starting 01.01.2013 to the date of the course may not participate in an Intercontinental judges' Course.
- All judges who wish to raise or maintain their category must take the examination.
- At the Intercontinental Course, there is no maximum number of judges from an individual federation that may achieve Category 1.
- Category 1 may be achieved at the Intercontinental Judges' Course only.
- There will be 2 examinations: one individual brevet and one for group brevet. A judge may take one or both examinations.
- If the minimum passing grade is not achieved by a judge at the Intercontinental Course, that judge may retest at an International Course.

1.2 International Courses (A and B)

- Judges with Category 1, 2, 3, 4 and judges with the highest national brevet may participate. The number of judges is limited to 10 judges per Federation per course. Should places be available after the registration deadline, additional judges may be accepted among the judges registered by their federation as "reserves".
- Participants are able to qualify up to Category 2.
- Judges who failed or wish to achieve a higher score may retest at another International Judges' Course.

1.3 Federation requested judges' courses (C)

The Federation requested judges' courses are organized by national federations, upon request and approval of FIG.

These courses are conducted for participants who want to get an international category 4 brevet. They are open to judges with international brevet or with minimum highest national level.

Participants are able to achieve only Category 4.

1.3 Examination Retest

A judge who wishes to achieve a higher score may retest at another International Judges' Course.

A judge who failed and wish to obtain a brevet has to attend the entire course and take the examination.

- Judges who wish to retest must submit the retesting application form to the FIG Office and to the RG TC President prior to the International Course (retest). It is possible to retest in either Individual, in Groups or in both.
- 13th cycle Cat. 1 judges with repetition of both Theory and Practical exams, Category 2 is the maximum that can be obtained, provided the judge has fulfilled the necessary experience criteria for Category 2.
- With successful repetition of the Theory and Practical, all judges will be awarded the category, as was indicated by all standards achieved on the second examination.

2	Difficulty Execution Theory	Very Good Very Good Good
3	Difficulty Execution Theory	Good Good Pass
4	Difficulty Execution Theory	Pass Pass Pass

The scores mentioned have been fixed at the conclusion of the Intercontinental Judges' Course and will remain unchanged for the remainder of the cycle.

ARTICLE 3 CATEGORY 1 AND REFERENCE JUDGES

3.1 Category 1 Judge Selection

The top 25 judges (minimum) based on the examination results will be awarded Category 1. The ranking to achieve Category 1 will be determined by ranking all judges who meet the minimum requirements for Category 1 (examination minimum standards and experience). This ranking will be done by the results of the Practical examination.

3.2 Reference Judges

The pool of initial Reference judges will be determined by Category 1 and 2 judges with "Excellent" results from the Practical examination (E jury position) at the Intercontinental and International Judges' courses. JEP results will also be used to determine Reference judges later into the cycle.

ARTICLE 4 JUDGES' EVALUATION

4.1 Judges' Evaluation Program (JEP)

The Judges' Evaluation Program (JEP) serves as a tool for the RG TC to

- control the objectivity of the judges during the competition
- for the analysis of the judges after the competition (post competition control), and
- establish an overall evaluation of the judges during the cycle by the RG TC.
- The evaluation of the judges' work over a period of one Olympic cycle serves to award and discipline judges

For more details, refer to the JEP rules available on the FIG website.

When the JEP system is not available a judge is assessed throughout the competition by the FIG TD.

4.2 R/E- Jury Evaluation

An R/E-Jury Evaluation will be conducted “during the competition”

Should bias be indicated in the “During Competition” report (R/E Judges) then PVCR (by the TC) will be required to confirm if the bias can be substantiated and the judges work therefore deemed unsatisfactory.

For the purpose of R/E judges’ analysis during competitions, see E-Jury Deduction Tolerances (Article 2).

4.3 D-Jury Evaluation

During the entire cycle the RG TC will also make an accurate evaluation of the D-judges to determine the best judging panels.

RG TC will take into consideration:

- relevant mistakes in the determination of the D-score
- slowing down the competition by the D-jury
- any signs of team/individual bias

ARTICLE 5 JUDGES’ NOMINATION, SELECTION AND DRAW

The judges’ nomination, selection and draw procedure is based on the principles outlined in the Technical Regulations.

If a judge is drawn for Reference Judges’ position, then no other judge from the same federation will be drawn in the same panel.

The D, R and Execution judges in the panel must be from different federations.

For the panel Draw priority is given to the higher ranked judges.

In the draw for Apparatus Finals at World Championships, priority will be given to neutral Cat. 1 and 2 judges who have no gymnasts from the country participating in Finals.

If a NF rejects the draw/nomination as D or R Judge, this judge may not be selected to another position for the same competition. In the case of the Olympic Games and Youth Olympic Games no other position will be assigned to another judge from this federation.
